

Fund To Provide Rights Of Way On Highway 40

Prospects of Four-Laning on Highway 40 Viewed As Remote

There is little possibility that anything will be done in the near future about the proposed four-laning of U. S. Highway 40 between the Nevada state line and Sacramento.

This was evident in two recent items of news from the state capital. Last week Senator Randolph Collier of Yreka, leader on highway legislation in the state legislature, told the Auburn Lions Club that the federal government is not interested in four-laning 40, regardless of the fact that it is the major northern California link with the east for both civilian and military traffic.

Collier said, "The federal government is not going to help us, least of all the military department."

Heavier Use
Nevertheless, Collier declared, the military is proposing to use the lateral for trucking more high explosives and other military necessities to the west coast, which will further limit the use of the highway by civilian traffic.

From Sacramento comes word that the state highway commission has no plans for state highway construction in either Nevada County or Placer County for the next fiscal year. Highway 40 meanders between these two counties from the Nevada state line to just a few miles east of Sacramento.

Rights of Way Funds
This was made public when the commission announced its 1952-53 proposed budget figures.

The commission, however, plans to expend \$115,000 for acquisitions of rights of way in Nevada County and \$270,000 for the same purpose in Placer County, according to reports from the Capital News Service.

POPULACE HERE IS OFFICIALLY SET BY 1950 CENSUS

Jack W. Traver, director of the Sacramento bureau of the federal census, reports the population of Truckee was 1025 at the time of the official nose-counting last year. While no official census figure for this town was listed for 1940, the division of highways at that time accepted the figure of 690 as nearly accurate.

Other towns in the counting rating individual listings were Nevada City which gained from 2445 in 1940 to 2505 last year. Grass Valley held its place as Nevada County's metropolis in spite of the fact it slipped from 5701 in 1940 to 5283 in 1950.

Even a good deal of growth in logging and lumbering failed to increase the county's population substantially during the last decade. From 19,283 on April 1, 1940, the count had climbed only to 19,888 by 1950. Thus, even now, the county has fewer residents than during its golden hey-day of 1880.

Until the full results of the 1950 census are published, little will be known of current employment patterns in the county. Obviously, they are quite different than 1940.

Then the county had a total of 6478 people at work and the largest group were 2596 miners. There were 911 rendering professional or semi-professional services, 890 in retail stores, 626 in farming, logging and forestry and only 154 earning their livings in mills and factories. Later state department of employment figures indicate the number of miners has drastically decreased while factory employment has been increased materially.

Meanwhile, motorists will soon be up-to-date on the population of communities in this state. The division of highways announced that it is making preparation to place the newest official census figures on approximately 3,000 road signs outside incorporated cities, towns and unincorporated areas with individual listings.

The department won't have the work done too quickly as a survey must be made of all the signs to determine which need to be replaced in toto and which can take only the new figures.

MEETING DELAYED

The organization meeting of the Truckee unit of the California Highway Patrol Auxiliary scheduled for last Friday at the high school was cancelled when officials of the patrol failed to arrive. Another date is expected to be announced later.

RESIGNS POSITION

James Leamon, for the past several years employed at Rasco, has resigned his position to accept a job with the Mountain Rotary Fuel Company. Temporarily Mrs. Cecil Clepper is assisting at Rasco.

Local Churches Preparing For Thanksgiving

Responding to a proclamation by Governor Warren, the churches of Truckee will observe Thanksgiving Day, November 22, with special services for the occasion.

The Truckee group of Christian Scientists will hold services at the Wyethia Club edifice at 11 a.m. The Golden Text is Psalms 92:1: "It is a good thing to give thanks unto the Lord, and to sing praises unto thy name, O most High." The subject of the Lesson-Sermon is "Thanksgiving."

Rev. A. A. Carmichael announced that the Community Methodist Churches of both Truckee and Kings Beach will unite for a Thanksgiving service at 9:30 a.m. in the Truckee edifice.

The Assembly of God group will hold their Thanksgiving observance Wednesday evening, November 21, at 7:30. This group meets at the Melvin Emerine home on the corner of Church Street and Highway 40.

Father Patrick J. O'Neill announced that a Thanksgiving Mass will be celebrated in the Assumption Catholic Church in Truckee at 8 a.m. and another at 9:30 a.m.

EVELYN BARTON DIES SUDDENLY IN WINTER HOME

BROCKWAY—Funeral services for Mrs. Evelyn Barton, 54, a resident of Brockway for many years, were held Tuesday, November 6, at Santa Barbara, following her death November 3 at her home in that city.

Mrs. Barton was the wife of Fred Barton, an electrical contractor, and widely known throughout this area. The family spent the winters at Santa Barbara although they continued to operate their Brockway business during the summer season.

A native of San Francisco, Mrs. Barton spent her entire life in this state and had resided at Brockway since 1936.

Besides her husband, she is survived by a son, Raymond Barton of Rainbow Tavern and a daughter, Mrs. Evelyn Loehr, Newton, Iowa. She leaves two brothers in the bay area.

Mrs. Barton's death was sudden. She and her husband had spent the evening visiting with friends. Early the next morning she complained of feeling ill and passed away soon after.

Sympathy is extended the family from their many friends in the district.

MRS. WILSON SET TO HEAD LODGE; YULE PARTY PLAN

Beverly Wilson is expected to hold the office of most excellent chief of Summit Temple 79, Pythian Sisters, following nomination of officers on November 8. Election will be held at the next regular meeting.

A Christmas eve party is being planned for December 24. Mesdames Hazel Roberts, Pearl Heller, Elsie Marquis and Ruth Hesse will serve refreshments and plan games and entertainment for the affair.

Linda Giovannoni Has 7th Birthday Party

Linda, daughter of Mr. and Mrs. Frank Giovannoni, were feted at a party given by her mother on November 9 when she became seven years old. A snow man, centerpiece, two cakes decorated in pink and green, colorful favors and games made the occasion a festive one.

Sharing the afternoon were Dorsette and Pamela Rose, Stephanie Cozzi, Francine Ann McGinn, Shirley Patton, Vicki Firpo, Judy Giovannoni, Mrs. Y. Olano and daughter Susie, Mrs. E. DeLisle and children Darby and Michele, Mrs. Fred Pedley, Karen Smart, Patty Finnegan, Terry Walker, Brian Phipps, Jimmy Osburn, Barry Leamon and Donald Brakefield.

On Business Trip

Angelo Besio was a business visitor in the bay district this week.

Hedlunds Here

Mr. and Mrs. Kenneth Hedlund and daughter of Castro Valley visited local friends during the week end.

Supervisors Will Be Asked To Act On Water Study

Placer Officials Seek Talks With Nevada County Before Acting

AUBURN—The Placer County planning commission, the Upper American River project board and the Placer County board of supervisors have voted to consult Nevada County officials about pollution in the South Yuba River. The decision was taken after consideration of a report by Joseph S. Gorlinski, executive officer of the Central Valley Regional Water Pollution Board.

County Clerk Lillian Rechenmacher was directed to obtain a date when Placer officials can meet with the Nevada County supervisors, the Nevada County planning commission, the Nevada County health officer and representatives from the water pollution body.

The supervisors stated the matter affects domestic water users of Colfax, Auburn, Grass Valley and Nevada City, since the South Yuba supplies water to Lake Spaulding and Lake Van Norden in the distribution and storage system of the Pacific Gas and Electric Company.

Gorlinski advocated a program to maintain the water bacteriologically safe, free from sludge deposits, free of toxic substances and with no turbidity increase due to sewage and waste discharges.

The South Yuba flows through Placer and Nevada Counties and is in a popular recreational area. Gorlinski pointed out that this has increased water pollution.

Supervisor Frank Paoli stated the Placer County health department has already corrected some of the abuses within Placer County.

LAST RITES HELD HERE ON MONDAY FOR "BOB" SALA

Requiem Mass for Bartolo (Bob) Sala, 69, a long-time resident of Truckee, was held here Monday morning at 10 o'clock under the direction of the Truckee Colonial Mortuary. Rosary was held Sunday evening. Interment was in the Truckee cemetery.

Sala had been a grain rancher at Wilton, Sacramento County, for 25 years following his departure from Truckee.

He died last Thursday in his home there following a lengthy illness.

He is survived by his wife, Elizabeth; a stepdaughter, Mrs. Isabelle Goodman of Reno; a sister, Mrs. Elizabeth Ghilotti of Italy; two grandsons; his cousins, Thomas and Elizabeth Robustelli of Stockton. He was the father in law of Chester Zunino of Wilton.

Firemen's Ladies Night Scheduled for Dec. 8th

The annual Ladies Night program for the Truckee Volunteer Fire Department will be held at Donner Lake Lodge Saturday, December 8. This was decided at the meeting of the firemen at Cozzi's Cafe Tuesday night.

The members discussed enlarging the district to provide protection for the fast growing community. The method of accomplishing this will be taken up with District Attorney Vernon Stoll and a report made at the next meeting of the department. Chief N. F. Dolley presided at the dinner meeting.

T. B. Seal Sale Opens In County on Monday

A rosy and jolly little Santa Claus is featured on the bright 1951 Christmas Seal, sheets of which will be received in Nevada County homes on Monday, November 19, the day on which the Seal Sale officially opens in communities all over the nation, according to Frank J. Rowe, president of the Nevada County Tuberculosis and Health Association.

Inscribed on the lower left corner of the seal is the red double-barred cross, international symbol of the campaign against tuberculosis and registered insignia of the National Tuberculosis Association with which the Nevada County association is affiliated.

Sun Beams

by Walter M. Jarrett

With Christmas only a little more than a month away, thoughts naturally turn to the gift problem. May we make a suggestion which will prove both profitable and pleasant—buy your gifts in Truckee. You will find that local merchants are stocking new, useful merchandise, a large assortment of toys and hundreds of ideal gifts. Take your list to local stores and enjoy the satisfaction of dealing with your neighbors and at the same time compare the prices. You will find you can do as well at home as in distant communities. Make this a trade at home Christmas exclusively.

Wet, snowy weather, slippery roads and limited visibility all combine to make driving difficult. Be safe. Have your windshield wipers checked and replaced if worn. Have brakes and tires inspected and above all don't take chances. A split second of carelessness may result in a bad accident.

Despite the fact that Truckee occupies an important position on one of the best trout fishing streams in the country—the Truckee River—very little, if anything, was done during the past summer to improve conditions. The apathy with which we treat fishing in this vicinity is very apt to rob us of one of our principal assets. No group should be more interested in the Truckee River fishing than the residents and businessmen of Truckee, and it is unfortunate that this apparent lack of interest is resulting in a depreciation of trout population and a subsequent drop in the number of fishermen visiting the region annually.

FOREST FIRE BLAZES NEAR LAKE TAHOE IN STORM MONDAY

A smoldering slash fire near Glenbrook, Lake Tahoe, was fanned into a forest fire Monday during the high winds which swept the area and seven acres of heavy timber was burned over despite a raging blizzard.

Winds with the wet snow and rain featured the Sunday and Monday weather menu throughout this region. The gusts reached up to 90 miles an hour in the mountains and considerable damage was caused in Nevada. An old brick wall toppled into a parking lot in Virginia City, injuring one woman and wrecking three cars.

The wind knocked down trees and signs in the Reno area and damaged the power lines throughout the Sierra-Nevada region.

Icy pavement over Donner Summit had traffic in a snarl Sunday but no damage was reported. Tire chains were required from time to time throughout the storm but traffic continued uninterrupted.

E. E. Boehm, local forest ranger, reported precipitation for the three days of storm totaled 1.01 inches, bringing the season's total to 5.05 inches. Only scattered patches of snow in sheltered spots remained on the ground in the Truckee area.

District Schools Will Welcome Visitors

On Thursday, November 15, at 8 p.m., there will be a discussion of the new report cards in all elementary schools between parents and teachers of the Tahoe-Truckee Unified School district.

The week of November 11 to 17 is American Education week and Book week. The schools are observing this week by holding "open house" on the evening of November 15 in order to exhibit examples of work done by the children who attend the schools. Everett O'Rourke, superintendent, says.

Dinner Honors Visitor Before Prayer Meeting

Mr. and Mrs. George Sternard of Truckee were hosts to Rev. Hubert Ranells, Assembly of God pastor of Carson City, and family Wednesday evening, November 7. A delicious dinner was served, after which the regular weekly prayer meeting was held, with 18 attending. A steady increase in attendance is noted at the sessions.

ONCE REFUGEE

John R. Wolert, Truckee contractor, recalls the days when he was the center of an international controversy as to whether or not he was a German spy. Story adjoining.

HOSPITAL BOARD TO STUDY FUEL DURING MEETING

Oil distributors in the area are being invited to meet with the Tahoe Forest Hospital board of directors Friday evening at 7:30 o'clock at the office of Dr. L. D. Nelson for the purpose of discussing the fuel oil supply for the new hospital.

Both Consultant A. E. Koenig and Administrator Phillip R. Shaw are stressing the importance of assured deliveries as well as competent service facilities and have instructed the board to study the situation carefully.

Just what method will be arrived at will be discussed at the meeting. C. R. Heller, board president, said.

At the same meeting, Heller said, the board will make plans for dividing the insurance policies on the new structure among local agents.

While no definite opening date for the new hospital has been set, James Sherritt, one of the directors, has, at the suggestion of the board, written Gov. Earl Warren an invitation to attend the opening ceremonies some time between Christmas and New Year.

Work of landscaping the grounds is well underway and final details on the interior and exterior of the building are being completed by Contractor John Shreck and Son. Much of the equipment and furnishings has arrived and it is hoped by the board to have the hospital operating before the first of the coming year.

MRS. DAVID ROSE WILL BE SEATED AS CLUB'S PREXY

Mrs. David Rose, the incoming president, and officers elected with her as reported in last week's issue of the Sierra Sun will be installed at the meeting of the Wyethia Women's Club on Friday evening, November 16. This will be the last meeting of the group until the first Friday in March, 1952.

The refreshment committee will be composed of Miss Thelma Fingert, Mesdames Charles Kay, Roy Stallard, William Enghardt, W. M. Englehart Jr., C. B. White. Folk dancing will be an entertainment feature.

Grass Valley Vet Studies Aggressive Local Feline

GRASS VALLEY—A Truckee tomcat, variety Alley Americanus, is under the watchful care of Dr. E. M. Roesner, Grass Valley veterinarian, these days.

So far it gives no evidence of rabies.

It was brought from Truckee last Wednesday after it bit three students at the Tahoe-Truckee high school. Dr. L. D. Nelson, assistant county physician at Truckee, requested the transfer.

The feline was transported by County Probation Officer Thomas J. Barrett and Court Clerk Ronald Wakefield, who happened to be in Truckee on other business.

It will be under observation about two weeks. Mrs. Roesner is becoming quite attached to it.

Nevada Visitors

Mr. and Mrs. R. N. Little were Nevada visitors during the Armistice weekend.

Armistice Day Recalls Trouble Of Local Veteran

November 11, the Armistice Day of World War I, always brings to the minds of the former dough-boys memories—fond and otherwise—of their experiences in that conflict. The memories of John R. (Jack) Wolert, Truckee building contractor, are perhaps more vivid than most, because he has the newspaper clippings to refresh them.

Strangely enough, though Wolert served in the U. S. Army during the war, it was as a civilian that he had his most unusual experience, being sought by Canada as a suspected spy for the Imperial Germany of the Kaiser.

An eight-column banner head and page one clipping from the Seattle Star of April 19, 1915, proclaimed: "WAR REFUGEE ARRESTED." Wolert, along with many other native Germans, was interned by the Canadian government shortly after the outbreak of the war, suspected of being a spy. Rankled by what he considered his unjust confinement, Jack left the prison at Nanaimo, British Columbia, and headed for Seattle.

He succeeded in crossing the border but 14 miles south of the line was picked up by U. S. immigration officers and turned over to a Canadian official. Wolert, however, jumped off the moving train about four miles within the border and escaped again.

He made his way to Seattle and obtained employment as a wood-cutter. Later he was again apprehended by U. S. officials but Mrs. Henrietta Kelly, his landlady and employer and the Seattle Star went to bat for him and when it discovered that Wolert had taken out his first papers to become a citizen of this country, he was permitted to remain south of the border.

Wolert returned to his work and continued at it until the United States entered the war against Germany in 1917. He then, like thousands of other young men, gave up his civilian pursuits and joined the army in Washington state. His outfit was being moved across the country for embarkation when the 'flu epidemic hit them in Illinois. Armistice Day in 1918 found Wolert on hospital duty with his organization, which had been practically decimated by the disease.

He was discharged in Iowa and, after a few years, wound up in Truckee where he has become a leading building contractor of the region. Many homes and business buildings here have been built under his supervision. He is a past commander of the American Legion and a past president of the Rotary Club in Truckee.

Dr. Mackay Loses Leg After Foot Infection

Dr. J. Gordon Mackay, pioneer Truckee physician who left here many years ago to make his home at Auburn but who still maintains a summer home at the Palisades on Donner Summit, had his right leg amputated at the knee Tuesday at the Jones Memorial Hospital at Grass Valley.

For some time, Dr. Mackay had been suffering from an infection in two toes and the malady continued to develop and the 74-year-old doctor was taken to the hospital last Friday.

Dr. Mackay was at one time the Southern Pacific doctor here and made his home in Truckee for many years prior to early 1920's.

Chamber Seeking Office Here for Unemployed

The Truckee Chamber of Commerce directors meeting at the California Cafe Thursday evening voted to petition the state unemployment commission to establish an office in Truckee to care for the scores of workmen in the Truckee, Tahoe and Donner area. President Reg Smart declared that the service is particularly vital during the summer months.

No action was taken on the possibility of bringing colored workers into this area.

TRIP CANCELLED

The storm over Donner Summit Sunday prevented students and their instructors from the Tahoe-Truckee high school from making the trip to Sacramento to attend a scheduled musical program.

Travel Continues Brisk Over Local Road During Oct.

Truckee Holds Leadership Spot in State Despite Fall Slump

Despite the usual seasonal drop in traffic, Highway 40 through Truckee continued to hold second place as a point of entry into California during October, the state department of agriculture reported.

During October, 33,560 automobiles, 3251 commercial vehicles and 633 buses, with a total of 99,647 passengers were cleared through the Truckee quarantine station. This was the largest number of vehicles over any single highway with the exception of Yermo in southern California.

Yermo had 43,410 cars, 4418 trucks and 353 buses with a total of 115,942 passengers.

Highway 50 through Stateline reported only 7,086 passenger cars, 217 trucks and nine stages with a total passenger count of only 17,448.

The Brockway station, which closed October 31 for the season, checked 1317 cars and no buses nor trucks during the month.

Over the state as a whole, 227,551 cars were checked into the state during October. There were 27,424 trucks, 3747 buses and a total of 646,655 passengers, the department reported.

MRS. JULIA CREASE IS LAID TO REST IN VALLEY SERVICE

Requiem Mass has held Tuesday at St. Francis Church in Bakersfield for Mrs. Julia Crease, 63, who passed away in that city last Thursday, following a lengthy illness. Interment was in the family plot at Greenlawn Memorial cemetery there.

Mrs. Crease was born in Sierra City on March 31, 1888, the daughter of Mr. and Mrs. John Cabona. She spent her childhood in Sierra County and Truckee, leaving here first in 1907 and going to Bakersfield where she made her home until 1946. In the latter year, she returned to Truckee and resided here until her passing last week.

A former nurse, Mrs. Crease owned and operated the Trinity Hospital at Bakersfield for 14 years, selling it just before returning to Truckee, where she was associated with her sons in business for a while.

Mrs. Crease's family was well known throughout the mountain region. She was a sister of the late John, Charles and David Cabona. Surviving are her brother, Louis Cabona of Truckee; three sisters, Stella Brady and Lily Pasquini of Bakersfield and Margaret App of San Fernando; two sons, Elmer and Vernon Sadoch of Truckee and one grandson, Glenn Sadoch of Truckee.

During her lifetime she was active in Pythian Sisters, Eastern Star, Druids, Rebekah and Amaranth lodges. Her hobby was horses and she was for years a member of the Rangelettes of Bakersfield. She is sincerely missed by her scores of friends in the Truckee area and sympathy of the entire community is extended her survivors.

OPERATION STUMP TAKES 1300 TONS, MOVES TO NORTH

After uprooting 1300 tons of pine stumps in an area north of Hobart Mills, the Hercules Powder Company crew which had worked in this area for six weeks has gone to Sierra and Plumas counties to continue the explorations.

E. E. Boehm, Truckee forest ranger, said the company is making tests of the stumps by shipping them to an eastern factory to determine the value as compared to the cost of production. In event the experiment proves successful, the concern plans to return and possibly establish a processing plant somewhere in the district, Boehm was advised.

All of the stumps were shipped from Truckee by Southern Pacific. A large crew of men and a vast quantity of equipment was used in the Hobart Mills camp.

Former Hobart Miller Dies Suddenly in Reno

Mrs. Sada Clare Beede, 53, who as a small girl made her home at Hobart Mills with her parents, Mr. and Mrs. Bert H. Briggs, died suddenly at her home in Reno Tuesday night. She was a native of Placerville but went to Hobart with her family when a baby and later moved to Reno. Her father still lives at Palo Alto.

From Niles

Mrs. Betty Henderson, former Truckee resident, was visiting friends here this week from her home at Niles.

My Place In the Sun

by DOUG BARRETT

At least the majority of Truckee's public eating establishments will be closed for Thanksgiving Day, Nov. 22—this intelligence is gleaned from Reg Smart, Goodfellow's Coffee Shop; Ernie DeLisle, M and E Coffee Shop; Earl Brown, Sandwich Shop; Tony Polyanich, California Cafe, and B. W. Reynolds, Sarge's—all of who told

me they'd be closed on the holiday. Also learned that Essie Polyanich left Saturday night for a few weeks with her son, Gene Barton, and family in Memphis, Tenn. Gene, former local grocer, is an airline pilot out yonder. Art Cook busy cleaning and burning in the lot next to his plumbing shop, making ready for a clear, clean approach to the new Truckee River bridge. Lloyd Van Sickle back from an Idaho hunt, tired but pleased. Had two sets of antlers (elk) in the back of his pickup. Everett Parker measured them and told me they spread 42 and 48 inches respectively. Harv Hocker has shifted his talents from Mountain Rotary Fuel to DeMai Auto Parts, but the fuel firm isn't

"AN INDIAN SUMMER COMES AT LAST" —ADELINE WHITNEY

INDIAN SUMMER—SOFT, SUNNY DAYS OF LATE FALL, WITH AN APRIL MILDNESS IN THE AIR.

AS WE PREPARE FOR THE AUTUMN OF OUR LIVES, WE, IN AMERICA, ARE CONSTANTLY STRIVING, THROUGH THE CULTIVATION OF CULTURAL AND MORE ACTIVE INTERESTS, AND THROUGH ATTENTION TO HEALTH, TO PROVIDE GREATER SATISFACTIONS FOR OUR YEARS OF RETIREMENT.

WITH FORESIGHT AND THRIFT, WE CAN, THROUGH LIFE INSURANCE AND SAVINGS, CREATE THE FINANCIAL MEANS TO ASSURE THOSE SATISFACTIONS, CRYING AN "INDIAN SUMMER," QUALITY TO OUR LATER DAYS.

thereby short handed. Cause Jim Leamon left Rasco Monday to go to work for them. And so Cecil Clepper was on the job at Rasco when I called there Monday. Bill Cavitt finished shipping his stock last week and left these hills for his winter range near Loomis. A definite civic improvement is noted in the new desk, chair and file cabinets delivered to the court of Justice of Peace Foster Wilson this week by Leamons' Furniture. Wayne Philippi back on the job at Tonini's Grocery. The fellow who came in to lend a hand so Wayne could get away was Daven Morey. Who with his wife, Ruth, and their children are some of the latest of your good neighbors here.

To Palm Springs—Mr. and Mrs. George Kehlet of Meeks Bay expect to spend the winter in Palm Springs. Winter in Napa—The G. K. Hales of Tahoe Pines will spend part of the winter at Napa.

Placer Board Enacts Pay Law for Constables

The Placer County board of supervisors on November 6 passed an ordinance setting up uniform compensation for all constables in the county, including Harry Johanson of Tahoe City and Richard A. Lavery of Kings Beach.

The base pay for all 10 constables is \$2700 annually for full time services. In addition, they are entitled to certain fees as provided in the Government Code and eight cents per mile travel expense for actual travel in line of duty.

Each constable, before receiving his monthly pay shall file with the county auditor a detailed report of the performance of his duties for the month.

Bisbee, Ariz., is the center of the richest copper district in the United States.

LOCAL GOV'T SYSTEM "HORSE AND BUGGY" SAYS NAPA OFFICIAL

by HENRY C. MACARTHUR SACRAMENTO—(C. N. S.)—The question of whether the present form of separate governments for cities and counties has outworn its usefulness has been placed squarely before the senate and assembly committees on local government.

Supervisor Lowell Eddington, chairman of the Napa County board, threw this challenge out to the legislative groups when he appeared before a joint meeting to pledge cooperation of his county in a survey the two committees of the legislature will make on "fringe" area taxes.

"It would be well," he said, "to examine the question of whether or not cities have outgrown their boundaries and also if we haven't outgrown our present form of local government."

"There is nothing that says there cannot be a cooperative government for a county and I would suggest that the committee back away from the immediate problem of fringe area taxes long enough to look at this proposal with some thought and consideration."

Eddington pointed out that the city and county of San Francisco appears to be functioning under the combined form of government.

He declared the people of the state should have an opportunity to decide on such a form of government "with a view to giving them a chance to make sense out of the fringe area problem."

"The time has come for local governments to be strong," he asserted, "and to find ways and means for consolidations when it is desirable by the people in the areas affected."

The question of combined city and county government is not by any means a new one. It has been discussed for many years as a means of bringing a "horse and buggy" system of government, which was a necessity before the days of the automobile, rapid transportation and easy access to the seat of government, up to date and in accord with the theory of eliminating governmental functions.

As long as 20 years ago, a study recommended another type of consolidation. This was the bringing together of the 58 counties of the state into about five or six separate groups. Nothing, however, came of the study.

The consolidation proposed by Eddington, however, would be on a different basis. Under his proposal an entire county would constitute a city, the fringe area taxation problem would be solved almost immediately, taxes for duplicated functions would be consolidated

Former Truckee Workers In Nevada Prison

RENO—Two men who formerly worked at lumbering in Truckee were given short shrift when arraigned before Judge Harold O. Taber last week on charges of having burglarized a Reno market on Halloween.

Donald Paul Goodrich, 47, Marin City, and Denver Powell, 40, Dayton, Ohio, were sentenced to terms of from one of 15 years in the state prison at Carson City.

The two got acquainted while working in Truckee. Later they met in the bay area, where they stole a car, switched license plates and drove to Carson City. During Admission Day activities there on October 31, they stole an acetylene torch and other tools from a garage and went to Reno.

They used their newly acquired tools to break into the market, where they stole two slot machines. Sheriff's deputies noticed a car parked on the Mogul road west of Reno early the next morning and arrested Goodrich and Powell.

Governmental experts who have discussed the problem privately admit it is the only way out of the tax and service dilemma the state finds itself in at the present time, because of unprecedented growth and the prospect of becoming the largest state in the Union by 1960.

Opposition to such a change in the form of government presumably would be offered by politicians with patronage axes to grind and individuals who, although they might approve the change in principle, fear it would be too big a job to undertake.

The observation also has been made that such a change would tend to destroy local government but, on the other hand, experts in local government believe it would strengthen the growing communities of California immeasurably.

SWANEE'S TAHOE LETTER

PHONE TAHOE CITY 39W

Tahoe City, Nov. 11

Dear Tahoeites,

One popular Tahoe City matron was sorely disappointed on her wedding anniversary when she had to leave for the hospital instead of enjoying the celebration planned for the big day. Mrs. Jay Shontz was taken to the Woodland Clinic on Friday by her husband when her condition became worse and hospitalization was deemed neces-

sary. She underwent a thorough checkup and the trouble has been located and, with proper treatment, in the next few days she should be able to be moved to the Sacramento home of her friend, Mrs. Herman Rauh. It is not certain just when she will return to her home here. Members of her family are caring for their two children, Jayne and Bro. Her husband and Mrs. Patti Scott motored down on Saturday morning to pay her an unexpected visit, which was most welcome. They had a pretty rough time making it back in the season's most violent snow storm over Donner Summit. They arrived, hours late without mishap but saw dozens of

On October 25, Rio Vista became the first community in California to fluoridate its water supply as a protection against tooth decay. Miss Ann Chaudy, 11, was chosen "Fluoridation Queen" for the occasion and is shown above receiving the first glass of fluoridated water from Dr. E. L. Hickok, President, California State Dental Association. Looking on are Mayor Harry Alley of Rio Vista, and Dr. Tom Green, Rio Vista dentist and City Councilman, who pioneered the venture for Rio Vista.

disabled cars along the way.

Saturday's storm was accompanied by high winds and snow which left three inches on the ground at Tahoe City, according to Art Frodenberg, weather observer at the Tahoe dam. Precipitation for the one day measured .84 of an inch and the mercury dropped to 24. Tonight the storm has renewed its vengeance and snow, rain and high winds continue to rage. The moon shines out from under the racing clouds from time to time but it's a fine night to stay indoors and hug the fire.

Saturday night's turkey dinner party at Tahoe Community Center sponsored by the Lake Tahoe Ski Club, was a huge success, with 176 persons being served during the evening and another dozen or so being fed after the turkey had run out, by Mrs. Blanche Donaldson, who sent down to her coffee shop for roast pork, salad and hot brown gravy. Spirits were dampened as the storm blew up during the day and little hope was held that many would turn out for the dinner, but the weather failed to block the highways and the crowd arrived on time. Special credit for the success of the affair goes to Mrs. Donaldson, who cooked the turkeys and balance of the menu at her restaurant, putting in long hours of hard work. She was assisted by Mrs. Beulah Carnell, who was chairman others who sold tickets and waited tables and washed dishes. These included Club President Bill Bechdolt, Mr. and Mrs. Jim Martin, Mr. and Mrs. Bill Jenkinson, Mr. and Mrs. Howard Guth, Miss Carol Wilson, Miss Cary Raymond and many others. The ski sweater was awarded to Verne Daniels and Eleanor Swanson took home a 22

turkey. Bingo followed later in the evening after the tables had been cleared. It was a grand party, the dinner was excellent, and it was voted by all present that more such dinners should be held often. The party was given to end in raising a fund which will be used by the Lake Tahoe Ski Club in sponsoring the National Junior Ski meet at Olympic Hill in March of 1952. Bill Jenkinson was elected 2nd vice president at Friday night's regular meeting of the club, attended by approximately 80 members.

Ross Frank, manager of the Lake Tahoe Chamber of Commerce will sponsor a get-together dinner at Cal-Vada Lodge on the evening of November 24 to which the public is invited. There will be the usual games and entertainment and a smorgasbord luncheon will be featured by Max and Virginia Liepert of The Beachcombers. Donation fee will be \$2.50.

Have a card from the vacationing C. W. Vernons of Tahoe City who plan to be away at least three weeks. Mrs. V. wrote from Elsinore the judge's boyhood home, where they were visiting. On the morning they were on their way to El Centro, then Arizona, Texas and Missouri. The trip, weather and food were all "beautiful," she wrote.

Mrs. Rose Boyiariades of Tahoe City had bad news recently when she learned that her niece, Mrs. Dennis O'Reilly ad her son, Dennis Jr., 3, were both stricken with polio at their home in Phoenix, Arizona. The latest word she had of them was that the little boy was much improved but her niece was still in an Arizona hospital. They are well known at Tahoe where they fre-

Recent Bride Honored At Kitchen Shower

TAHOE CITY—A kitchen shower was tendered Mrs. Matthew Hall Hesen of Tahoe City at the Lake Forest home of Mrs. Basil Kehoe. Mrs. Hesen is the former Shirley Freedman, daughter of Mr. and Mrs. Norman Freedman of Tahoe Pines. She and her husband surprised their many local friends on October 15 by slipping away to Carson City where they were married again in Catholic rites by Rev. Patrick O'Neill of Truckee at Corpus Christi Chapel near Tahoe City. Their attendants were Mr. and Mrs. Basil Kehoe, brother-in-law and sister of the groom. The young couple is making their home in Tahoe City where the groom is employed. He is the son of Mr. and Mrs. Herman O. Hesen of Louisville.

Ladies who gathered to enjoy refreshments and buffet lunch, followed by the opening of many lovely gifts, included Mesdames Shirley Conger, Diane Hughes

Mary Ann Connors, Elsie Bell Bechdolt, Martha Snyder, Jean Henry, Lenora Bartell, Bernie Bechdolt, the hostess and honoree. Invited, but unable to attend were Mrs. Patti Scott and Mrs. Becky Shontz.

TAHOE OVER TEXAS
There is enough water in Lake Tahoe to cover the state of Texas to a depth of eight inches, according to Regional News Service.

TAHOE WEATHER
TAHOE CITY—Daily high and low temperatures here for the week ending November 12 were Nov. 5th: 54, 29; 6th: 55, 30; 7th: 59, 30; 8th: 53, 28; 9th: 56, 28; 10th: 50, 32; 11th: 39, 24; 12th: low 26. There was 1 1/2 inches of snow on the ground Monday morning and the weekend storm had left 1.44 inches of precipitation.

Air Defense Filter Center: Telephone lines link these vital air defense radar posts.

UNITING THE DEFENSE OF THE UNITED STATES

How we've geared the telephone system to meet today's emergency

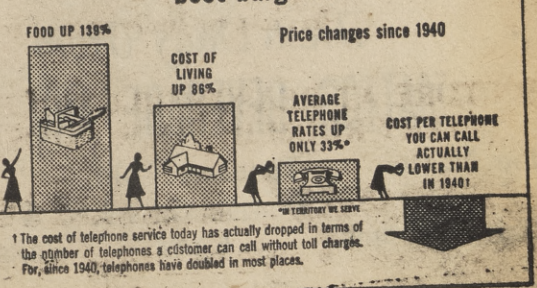

1. How fast can we spread the word? Since the days of Paul Revere, the nation's strength in times of crisis has depended on swift, reliable communications. Today, the telephone is at work helping our military men organize their forces...at work saving minutes and hours and days in defense production plants...at work nearly everywhere uniting the strength of our millions of people.

3. Since Pearl Harbor, we've put well over a billion dollars into telephone facilities in the Pacific West. We've made many, many technical improvements to speed and extend the service. The result: A telephone system far stronger than ever, doubled in size. We could do it because, over the years, we've had the financial strength to attract the investors' savings we must have to pay expansion costs. And with financial strength in the future, we can continue to build our ability to serve you and our nation.

2. Emergency facilities of our own are being added, too. Like this standby generator which can produce our own electricity in case of power line failure. Special plans have been made to rush "telephone task forces" of men and materials into strategic areas, if need be. In every way possible, we're making sure the calls keep going through...the calls which mean so much to our nation.

Your telephone is one of today's best bargains

**COAST & GEODETIC
TAHOE CHARTS
HAVE MUCH DATA**

The second edition of nautical chart 5001, covering Lake Tahoe along the California-Nevada boundary, has just been published, Rear Admiral R. W. Knox, assistant director, Coast and Geodetic Survey, U. S. department of commerce, announced.

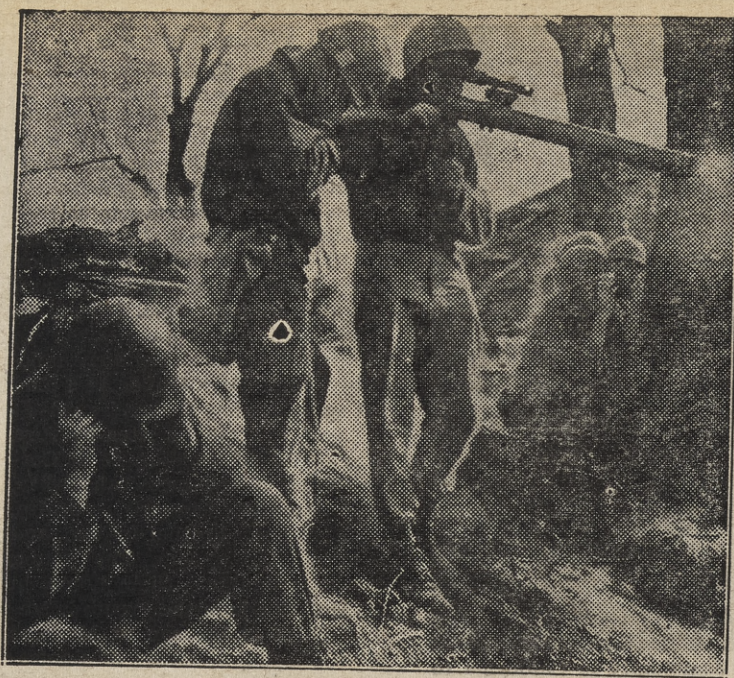

The chart shows detailed hydrography of Lake Tahoe which is 6223 feet above mean sea level. The symbolization for sanding appearing on former editions of the chart has been removed and the inshore area to the 18-foot curve is defined by blue tint. Numerous obstructions, piles, rocks, etc., have been added to the new edition within the 18-foot curve.

The shoreline of the lake and adjacent cultural features have been revised extensively from a recent field inspection of aerial photographs taken during 1950. New roads, communities, camps, airport, ski area and on-shore installations are shown in detail. Relief of land areas extending inland from the shoreline of the lake for about three miles is expressed in contours at 100-foot intervals.

Lake Tahoe is of considerable importance as a recreational center and includes a chain of resorts around its shores. The lake is of glacial origin and is located by the crest of Sierra Nevada. It is over 21 miles long, 12 miles wide and has a surface area of over 190 square miles.

Chart 5001 is at the scale of 1:40,000. Copies are distributed by the sales agents, district offices and the Washington office of the Coast and Geodetic Survey at 75 cents each.

**GLOBIN STEEL BID
FOR EXPANDING
UTILITY APPROVED**

AL TAHOE—The Frank Globin Public Utility has been allocated 78 tons of steel by the national production authority for extension of services to Bijou and Lodi Pines. The steel has been ordered and construction will start this year, weather permitting.

The estimated cost is more than \$75,000 and will be financed by the utility.

The fire district is negotiating for installation of 25 additional hydrants to meet the requirements of the fire underwriters. This is expected to bring about a substantial reduction, possibly 20 per cent, in fire insurance rates.

An additional application has been made for a steel allotment to extend this service with a six inch main to Bijou Ski Run and Lodi Pines subdivision.

This utility started serving the public at the beginning of the Al Tahoe subdivision in 1908, with

only 18 consumers.

Frank Globin, present owner bought the property in 1924 and today the utility serves over 300 consumers. It has four miles of 10-inch mains, over two miles of eight-inch and several miles of smaller lines.

The utility last year purchased the Bijou water system for more than \$25,000 and at present it serves 127 consumers.

U. S. Okehs Lease of 64-Acre Lakefront Tract at Tahoe

The Truckee Carson Irrigation District's proposed lease of a valuable 64-acre tract of land on the shores of Lake Tahoe has been approved by the federal bureau of reclamation.

Word to that effect was received by the district's office at Fallon. The bureau will shortly issue a notice of availability and lease form and suggests that bid will be received up until two o'clock January 2, 1952.

The bureau suggests insertion of the following in the lease:

"Access to the Truckee River for fishing shall not be prohibited and no signs relative to fishing in said stream shall be posted on the property."

This was interpreted to mean that the area will be governed only by the general regulations of the California fish and game department and that no further restrictions will be imposed by parties leasing the tract.

The TCID for several months has sought the right to lease the at-

tractive area along the Truckee River near Tahoe City and officials believe the annual revenue therefrom will be considerable.

The tract includes about 400 feet of lake frontage just south of the Truckee River. Roughly 1500 feet of river front is included on the south bank of the Truckee, downstream from the bridge immediately below the control structure where the stream leaves Lake Tahoe.

The land parcel extends at its west end across the river and up a hill behind and to the west of a golf course on the north side of the river.

The bureau has stipulated that lease revenues will go to TCID provided they be placed in the fund to be used for repayment of obligations to the United States.

Originally the Lahontan project cost about \$15,000,000, of which five to six millions were written off by the government because there was less water and less irri-

SUCCESS STORY

The thrill of making her own clothes has paid off doubly for Gloria Dawn Watson, 20, of Sioux Falls, South Dakota. She has entered Colorado Woman's College on the \$500 scholarship she won last year in the "Make It Yourself With Wool" Home Sewing Contest for exceptional proficiency in sewing. The 1951 contest is now nearing its climax.

Wool Bureau Photo

DAV Award Winner

BIRMINGHAM—Charles Brooks of the Birmingham News is winner of the 1951 Disabled American Veterans cartoon award for his "Are You Forgetting Anything?" which dramatically urges remembrance of the nation's wartime disabled veterans.

FORESTS YIELD MUCH, BUT MORE REMAINS SAYS LUMBER LEADER

"The lumber industry has already used twice as much timber as existed in the United States at the time the Pilgrims landed," a lumber executive told members of the California State Chamber of Commerce industrial committee in Sacramento recently.

"The majority of our people think of our forests as a resource that is being depleted forever," declared A. B. Hood, vice president and general manager of Ralph L. Smith Lumber Company of Anderson.

"But such is not the case," he added. "We have consumed twice as much timber as there was to start with, and we still have three-quarters of our original forest area left."

Citing lumber industry efforts in conserving the valuable timber stands through tree farms and reforestation programs, Hood continued: "We no longer think of forests as something to cut out and leave—we are now thinking of forests as a great crop that needs continual care, not only from a cutting standpoint, but from the standpoint of attempting to control bug infestation and fires that have claimed more timber in California over the past years than the sawmills have cut."

He said the average national loss from bugs and disease and over-age timber was 3,376 million feet a year while fire claims 4,235 million feet per year.

Statistics on California's lumber industry as brought out by Hood show California as the second lum-

ber producing state in the nation with a greater volume of ponderosa pine than any other state. Fifty per cent of the forests of the state are in private hands.

California has 109 tree farms, with a total area of 850,000 acres. Timber sales as of June 30, 1951 amounted to \$8,773,117.72. Total receipts including grazing fees, land use and power amounted to \$9,362,517.12. "Twenty-five per cent of this total will be returned to the state to be distributed for county school and road expenses," Hood said.

In California over 50,000 people are employed in the manufacture and processing of lumber. California production is averaging approximately three and a half billion feet per year. Refinement of lumber into other products is a most important industry in the state.

California is producing 70 per cent of all the box-shook used in the state, or approximately 500 million feet. Total forest products having their origin in California during 1950 amounted to 4,221,203 tons shipped out of state.

Hood said that nationally California's average timber growth was lower than other states.

"The reason is due to the fact that California still has large areas of virgin timber that must be opened up and scientifically cut."

One specific area in California which could be exploited for ripe timber thus cutting down the drain on less mature trees in other areas was the large forest region extending from Trinity County north to the state line.

Within the San Francisco Presidio is Mountain Lake, a government protected sanctuary for ducks and gulls.

gable land than original surveys indicated.

Since the U. S. project has been turned over to the TCID, about eight million dollars have been repaid the government, leaving a balance owed the U. S. of about \$500,000. It is now understood that the revenues to be received from the Tahoe tract lease can be applied against this, thus permitting the TCID to move closer to final complete ownership of the project.

Meanwhile, the Lake Tahoe Chamber of Commerce has prepared a resolution to be sent to Senator Knowland and Representative Engle requesting special legislation on the 64-acre tract. It is the chamber's hope that the land may be assigned to the California division of beaches and parks as a public recreation area.

FIRST AIR BLOODMOBILE STARTS ERRAND OF MERCY

IT'S BLOOD OR DEATH—when badly wounded men are brought to the medics, and this picture was made to help realize that fact.

Forces Blood Donor Point, was a feature of the recent Long Island Industrial Exposition at Roosevelt Field, Long Island. Manned by Air Force personnel from Mitchell Air Force Base under supervision of a Red Cross Medical Officer, the "air bloodmobile" will be part of an extensive exhibit depicting the need for and use of blood in the Armed Forces. Cooperative efforts of the Air Force, the Red Cross and the Fairchild Aircraft Company resulted in this flying blood collection point, which is capable of collecting more than 200 pints daily.

of the outfit was black felt, circular, and its many, applied colorful figures which tumbled around on the black felt background made a gala call toward such after-ski fashions. The outfit was as glamorous as Liz herself.

Beautifully cut and trim ski pants, worn by the equally trim, slim hipped beauties, were shown in practically all of the old standard shades with a startling ma-

roon color added to the group. With the maroon pants was worn a stunning white nylon jacket and a blue ski cap . . . shades of America! One cutie's blonde beauty was completely enhanced by a complete black outfit, the only touch of color being red palmied ski mitts. This drew plenty of oohs and aahs from the girls, and a few sounds guttural from the wolves in the gallery. Noted that a predominating color in both nylon and gabardine ski wear this season in a beautiful shade of blue. Jackets with touches of Tyrolean embroidery were modeled. After ski clothes included a circular quilted skirt with a striped Parisian looking vestee. In fact, vestees were given a big play in the show. Our own Do-lis Wood was starting in a complete red outfit, as was her small daughter, Candy who modeled a red children's ski outfit trimmed in white fur. Don't know the name of the little chubby faced boy who foretold the younger men's set what to wear, but his father, also a model, was on hand to give the older feller's a few pointers in how to look trim, slim and elegant on the slopes this season. The grand finale was the very devil of an act—and we use the word advisedly, for little Candy, the little boy, the little boy's papa and Doris burst upon the crowd, attired all in scarlet red sleeping togs, complete with feet in the suits and the works.

The good natured crowd, most of them skiers, added a gala accent to the whole affair, by wearing clothes appropriate to the occasion. Bob Bouvier, handsome in a beautifully handknit sweater, also John

Johanson and Bud Zorich; Barbara Zorich in a hand loomed skirt embroidered in metallic threads with stoll to match and white boat necked jersey blouse; Pat Adams, our school teacher, looking as fetching as could be in her ski togs. "Fast" caps predominated while Jack Woodward used the show as a medium of advertising by appearing in a peaked hat on which had been skillfully arranged an arrangement of the Donner Ski Ranch, which he owns.

Our own Gratz Powers, now a public relations director for the Ski Floor at San Francisco's big Emporium, was on hand to demonstrate the mechanical ski device which teaches you to master turns on the hill before you ever put a tim'd stiat to the stuff.

The snow which participated itself a few hours before the first show failed to dampen the enthusiasm of the first mountain fashion show. And to prove it, good friends Alice and Jack Walsh journeyed all the way from their place at Sleepy Hollow to join the crowd.

Next winging will be at Donner Summit Lodge. A couple of Swiss chaps, supposed to be interpersonally known for their particular brand of music, both modern and folk, will squeeze the accordion, concertina, play the piano and saxophone and stuff, and otherwise entertain on Wednesday night.

We are reminded that this day, Sunday, is really Armistice Day and so we call Ice Lakes Chalet to see what the Donner Summit American Legion group are doing on their annual Armistice Day breakfast, complete with Philadelphia scrapple and other breakfast goodies. Made a connection all right but from the confusion of sound over the line we couldn't find out much. Have a vague idea that some one said something about going hunting. Anyway, from what we tell you, you can get the idea that the annual Legion breakfast on Donner Summit has a little more than the ham and egg atmosphere.

A Marvin Diamond with the Snow Ice Permafrost Establishment moves in from Chicago and the Army Engineers to inspect the local Sierra Snow Lab deal and carry on special studies together with some kind of military research.

Just a word about a kid that you'll hear more about, George Eaton. George, if you'll remember, was getting to the point where he was considered one of Sacramento's finest amateur actors. George, training for a career in public relations, was in an automobile accident which cost him one of his legs whilst in our armed forces. Still under treatment, this son of Gladys Jones of Soda Springs plans to

NEW REPORT CARDS ARE BEING USED IN AREA'S SCHOOLS

Parents who have children in elementary school will receive new report cards this year, it was announced by A. F. Bequette, county superintendent of schools. The card for primary and upper grades was approved by the Placer County board of education at its last meeting. These cards were formulated by teachers, principals and county staff members last spring for use this school year.

The child is rated on the new card in terms of individual progress, instead of his standing in his class. Those who worked out the card felt that this type of rating is the fairest. Classes of pupils differ so much in ability, intelligence and interests that marks are difficult to assign unless marking is done according to the progress of the individual child the educators contend.

The new card is simple to check

DAV Sweetheart

MILWAUKEE—Elvita Clementi, blind soprano, was named "Miss DAV Sweetheart of 1951" and reigned at the recent 30th national DAV convention in this city. A gifted singer, Miss Clementi has taken part in nationwide radio and television programs and is continuing her career despite her loss of sight. Her husband is a disabled veteran.

roost on this mountain when he is physically able and we'll bet that before many moons the name of George Eaton is one that you're going to have to think about!

Haven't heard from Lola Schull at Ball Clinic in Missouri for a week or so so can't report on her condition.

Elmo and Jeannie Mo-jiano of Beacon Hill Lodge have returned from San Francisco only to take off on another duck hunting trip.

and to understand. A check mark indicates whether or not the child is doing satisfactory work.

Children in the first, second and third grades are rated on progress in arithmetic, language arts (spelling, speaking and writing), music and art, reading and social studies. Children in the fourth, fifth, sixth, seventh and eighth grades are marked in arithmetic, handwriting, health and safety, language, reading, science, social studies (civics, geography and history) and spelling.

All pupils are rated on work habits and social attitudes to tell parents how well the teacher thinks the child gets along with others and how well he uses his time in school.

Teachers keep records of the child's work in class. These records are used during parent-teacher conferences to explain the standing of the pupil in his classwork. Such discussions can also make clear to parents the reasons for the markings on the card, Bequette explained.

The card was adopted for the current school year. Changes suggested by parents and teachers will be used to improve a revised card for next year.

Schools of the Tahoe-Truckee Unified District are under the jurisdiction of the Placer County superintendent.

NOTICE FOR PAYMENT OF COUNTY TAXES

The taxes on all personal property secured by real property and one-half of the taxes on all real property for the fiscal year beginning July 1, 1951 and ending June 30, 1952, will be due on November 1, 1951 and will be delinquent on the 5th day of December, 1951, at 5 o'clock p.m. and unless paid prior thereto, six per cent will be added to the amount thereof. The remaining one-half of the taxes on all real property will be payable on and after the 20th day of January 1952, and will be delinquent on the 20th day of April, 1952, at 5 o'clock p.m. Unless paid prior thereto six per cent will be added to the amount thereof together with a further charge of \$1.00 for each lot, piece or parcel of land separately assessed and for each assessment of personal property. All taxes may be paid at the time the first installment as here-in provided is due and payable. Taxes are payable at the Treasurer's and Tax Collector's office Nevada County Courthouse, Nevada City, California. ELMA HECKER, Ex officio Collector and County Treasurer, Nevada City, Calif.

the chamber enjoyed at George Cannon's Gateway at the South End a few weeks ago. Your Lake Tahoe Chamber of Commerce will remain active 365 days of the year, advertising the lake as a whole. It is expected, and largely through your chamber's activities, that more and more vacationists will be brought to Tahoe, not only during the summer months but during Indian Summer days when all is so quiet and beautiful here, and for winter sports. Where can there be found a lovelier spot? Let's get in and support our chamber of commerce 100 per cent. Those of you who are staying in this winter, come out to these dinners, get acquainted with your chamber manager, Ross Frank, talk business with him, learn what is necessary to advertise your business along with swiftly growing Lake Tahoe. Have fun! The date is November 24. The place is Cal-Vada, which manager Joby Lewis has son generously offered for our benefit.

Another thing the chamber hopes to promote during these winter months ahead is a wonderful time for families. You're going to hear from these gals in a short time. They plan a box social for about December 15, place not yet announced. A box social and old fashioned dance! Sounds like fun. Oh, yes, there will be parties in December but let's go all out to make this event an outstandingly successful one.

Mr. and Mrs. Carroll Rapier Mr. and Mrs. Gilbert Ballard and son, Carroll, left last week for Fullerton where they will spend the winter.

It is apparently inevitable that with the rains, tragedy arrives also. Last Saturday night between Truckee and Reno the car driven by Frank Tarantino of S. F., employed at Kings Beach Stop and Shop left the highway to plunge over an 80-foot embankment, critically injuring Ada Akers, local telephone operator. Mrs. Akers suffered multiple cuts and bruises and a compound fracture of the left leg, which must remain in a cast for at least three months. Frank was not badly injured it is reported, though hospitalized. He expects to return to work late this week. Both victims are in Washoe Medical Center at Reno.

Mr. and Mrs. Warden Fields left last week for their home in Mounds, Okla., where they expect to spend the winter. Before leaving Warden placed their property at the lake on the market and in the event of its sale, the Fields do not anticipate a return to Tahoe next summer.

A. E. Abbott was in Marysville last Thursday evening on North Tahoe Public Utility District business.

The North Tahoe Community Club meeting, held last Thursday evening at Cal-Vada, though not too well attended, spelled the beginning of more and more accomplishment through the club of progress for Lake Tahoe.

There will be a meeting of the North Tahoe Women's Club Thursday evening, November 29, at the Kings Beach School house.

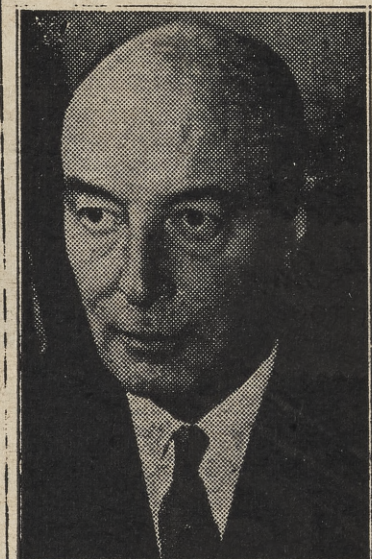

Matilda Romanoff left Kings Beach last Saturday for Los Angeles, where she will remain with

JUVENILE FUGITIVES ARE TAKEN AFTER SHORT FREEDOM BID

Three 16-year-old fugitives from the Sonoma County detention home at Santa Rosa have been rounded up after they were accused of stealing and wrecking one car and stealing another which they abandoned on Donner Summit.

The boys, Lester Rhodes, John Marshall and Gale Kelley, were returned to Sacramento to await officers from Santa Rosa.

Their flight started Nov. 3rd, when they admitted stealing a car which they drove to Sacramento, where it was wrecked. The boys split up, Rhodes and Marshall going together and Kelly taking off

DEFENSE SECRETARY—Robert A. Lovett, a Navy flyer of World War I who gave up a business career in 1940 to become special assistant to the Secretary of War and has since served almost continuously in the Government, has been appointed to succeed General George C. Marshall as Secretary of Defense.

A native of Huntsville, Tex., Mr. Lovett was educated at Yale University and the Harvard Graduate School of Business Administration and entered the U. S. Naval Air Service in 1917. He was assigned to the Royal Naval Air Service, piloting flying boats in North Sea submarine patrol and later in flying night bombers against German bases in France, Belgium and Germany. From 1921 until he entered the Government he was an executive in financial, transportation, insurance concerns and was active in civic, educational and philanthropic institutions. During World War II as assistant Secretary of War for Air he was charged with the large scale production of air craft.

her mother, Mrs. H. Dorn. Her brother, Buddy, remains at Kings Beach with the O'Briens.

Mr. and Mrs. Aaron Abbott were up from Antioch for the weekend with Aaron's parents, Mr. and Mrs. A. E. Abbott.

Mr. and Mrs. E. W. Wiseman of Kings Beach are in Los Angeles for the winter.

On Friday, November 16, little Gwen Milsner will celebrate her 9th birthday with a party at the school house, to be shared by all her little schoolmates. Happy birthday, Gwen!

There will be a Lions' Benefit party at Cal-Vada on the night of December 8. Proceeds will go to purchase clothing for needy children. Those wanting tickets will find them available at the Kings Beach Stop and Shop or at any other Lion's Den. Ruth just told me that she was delivered a whole raft of tickets to dispose of before the big party.

Mr. and Mrs. P. R. Murray left Thursday for their home in Merced, where they will winter.

Another wreck has occurred in front of Silver Sands Resort. This time, a truck owned by Dud R. Day of St. Helena. Day is a paving contractor, doing resurfacing and repair work, and was on the way to Lawton to resurface at a service station there. There was no injury. The driver, Zaragoza Munoz, reported that when he hit a rough spot in the highway his front wheels jumped, throwing the steering gear out of control. Tahoe Vista tow truck towed the wreckage away.

Bob Mercer arrived in Truckee Saturday, where friends picked him up for a short visit at home on Crystal Bay over Sunday. Bob left last Monday for his training base.

U. S. OLYMPIC SKIERS TO BE TRAINING AT SQUAW VALLEY

Squaw Valley has been designated as the official Olympic training area, according to an announcement made by the U. S. Olympic Ski Games committee. Training period will begin with the opening of the 1951-52 ski season on November 21 at the Sierra resort. Members of the combined downhill and slalom team are expected to work out on Squaw Peak during November and December, prior to their departure for Europe.

Directing the training will be Emile Allais, recently named Olympic coach and director of the Squaw Valley ski school. Only returning member of the 1948 squad is Jack Reddish, who turned in the best time of any American on the men's team, a 6th place in slalom. Others on the Oslo-bound squad are Jack Nagel from Washington, Dick Buek of Soda Springs, Jim Griffith of Ketchum, Idaho, Darrell Robison of Salt Lake City, Brooks Bodoe of New Hampshire, George Macomber of Massachusetts and Verne Goodwin of Massachusetts.

—Shop Early :: Avoid the Rush—

on foot. The former two were said by officers to have stolen a car in North Sacramento, which they drove to the summit area. There they eluded Patrolman Carol Maynard, who radioed ahead to Patrolman Roy Stallard.

The officers spotted the car and Rhodes surrendered. Marshall, however, left the car and ran into the snow banks near Donner Ski Ranch.

After several hours search, the officers returned Rhodes to the Truckee jail and an all-points bulletin was sent out for Marshall, who was later taken from a freight train at Colfax.

In the meantime, Kelly was apprehended by Sacramento police.

FIRE WOOD FOR SALE

Tree Cutter Fined, Loses 1370 Trees at Sardine

SIERRAVILLE—James Napier of Oakland pleaded guilty before Justice of the Peace Alden Johnson last week to a charge of cutting Christmas trees on National Forest land without first obtaining a permit. He was fined \$30 with a 30 day suspended jail sentence and probation.

The 1370 white fir Christmas trees he was charged with cutting were confiscated and delivered to the U. S. forest service.

Napier was cutting trees on the Ed Paine property in Sardine Valley and testified Paine did not notify him that he had sold a portion of his property to the government.

Ernie Cummins, fire control assistant at the local ranger station emphasizes that all persons cutting Christmas trees from privately owned or forest service lands are required to obtain a notarized permit in triplicate from the owner of the land and comply with Section 384a of the state penal code.

Marriage License—

Arthur L. Oliver and Antonia Kapstanakis, both of Truckee, applied for a marriage license at Reno during the weekend.

County Assessment Up 41 Percent in Six Years

Assessed value of taxable property in Nevada County this year is 41 per cent higher than the valuation for war-time 1944-45 and six per cent more than last year's valuation, California Taxpayers' Association reports.

Total value of taxable property in the county for 1951-52 is \$26,580,910, compared with \$18,846,470 for 1944-45 and \$25,181,090 for 1950-51. Taxable valuation in the county for 1951-52 includes \$5,913,170 in land, \$15,940,470 in improvements and \$5,911,540 in personal property and money. Assessed property exempt from taxation in the county totals \$1,184,270.

"How much each local government spends actually makes the tax bill which the property owner must pay," the taxpayers' association said, pointing out that the assessed value of the individual piece of property, multiplied by the tax rates of the local governments which levy against that piece of property, automatically makes the tax bill which the property owner gets.

"Government spending must come down, if taxes are to come down," the association declared.

SUBSCRIBE TO THE SUN!

Check Artist Sentenced, Woman Gets Probation

Muriel Leroy Casteel changed his mind twice in Nevada County superior court this week and ended up with the guilty plea he had started with.

Judge James Snell sentenced him to San Quentin prison "for the term prescribed by law" for issuing a fictitious check. The term is to run concurrently with a term Casteel was already serving at San Quentin on a similar charge when he was paroled.

Casteel was arrested with Mrs. Eldora Gertrude Hartle at Truckee for having issued a \$20 check

forged with the name of Mrs. Hartle's husband, who is in the service. The offense took place at Truckee September 1.

Both have been held in county jail at Nevada City. Last week both pleaded guilty.

Judge Snell informed Mrs. Hartle that in view of the fact that she was expecting a child about December 1 and had already spent nearly two months in jail and that she had no prior conviction, he would consider her release on three year's probation.

Hawkins Move—

Mr. and Mrs. C. L. Hawkins, who left here for Arcata, have recently moved to Spring Valley.

Hobart Snider Is Given 30-Year Service Award

NEVADA CITY—Three members of the Tahoe National Forest staff were awarded service pins representing a total of 60 years at a banquet at Seamans Lodge here.

Hobart I. Snider, ranger for

years at Truckee and now on the Bloomfield district, was honored with a 30 year pin. Gordon Lawlor was given a 20-year award and Robert Thompson, ranger at Camp-tonville, was given a ten year award.

Lawlor, hospitalized for a physical checkup, received his award in absentia.

Querdon Ellis, Tahoe Forest supervisor, was host at the banquet, which climaxed a two day meeting of staff leaders from headquarters and the seven ranger districts.

Wedding Dates—

Mr. and Mrs. H. F. Cardinal observed their 6th wedding anniversary on November 3 and Mr. and Mrs. J. E. Walker marked their 9th wedding date November 5.

Depending on locality, the mountain lion is often called cougar, puma, panther, painter and catamount.

ALIAS SUMMONS

GENO GIOVANNONI and MARY GIOVANNONI, his wife,

Plaintiffs,

vs.

MRS. JANE MILLER, WM. MILLER, A. W. CRAIGG, FREDERICK E. HENRY, HARRY M. HENRY, MRS. JAMES E. HENRY, S. W. MOLKENBUHR, SIERRA PACIFIC POWER CO., a corporation, TRUCKEE - TAHOE LUMBER COMPANY, a corporation, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto, Defendants.

THE PEOPLE OF THE STATE OF CALIFORNIA SEND GREETINGS TO:

MRS. JANE MILLER, WM. MILLER, A. W. CRAIGG, FREDERICK E. HENRY, HARRY M. HENRY, MRS. JAMES E. HENRY, S. W. MOLKENBUHR, SIERRA PACIFIC POWER CO., a corporation, TRUCKEE - TAHOE LUMBER COMPANY, a corporation, and also all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiffs' ownership, or any cloud upon plaintiffs' title thereto, Defendants.

YOU ARE HEREBY DIRECTED TO APPEAR and answer the complaint in an action entitled as above brought against you in the Superior Court of the State of California, in and for the County of Nevada, within ten (10) days after service on you of this summons, if served within this county, or within thirty (30) days if served elsewhere.

YOU ARE HEREBY NOTIFIED that unless you appear and answer as above required, said plaintiffs will take judgment for any money or damage demanded in the complaint arising upon contract or they will apply to the court for any other relief demanded in the complaint.

This action is brought and the object thereof is to quiet the title of plaintiffs, to determine any and all adverse claims to and clouds upon the title of plaintiffs to the real property described in the complaint, and to make the above named defendants, and all other persons unknown claiming any right, title, estate, lien or interest in the real property described in the complaint adverse to plaintiff's ownership, or any cloud upon plaintiffs' title thereto, set forth the nature of their claim or claims to the property hereinafter described, if any they have, and that such claim or claims be adjudged to be of no effect and void, and that title of plaintiffs to the same be quieted against them, and each of them, or as to any unknown.

That said land is situate in the County of Nevada, State of California, and is more particularly described as follows:

A portion of the Southeast quarter (SE 1/4) of Section 10, Township 17 North, Range 16 East, M.D.B. & M., and a portion of Block "E" of the Town of Truckee, situated in Section 15, Township 17 North, Range 16 East, M.D.B. & M., described as follows:

Beginning at a point on the North boundary line of Section 15, Township 17 North, Range 16 East, M.D.B. & M., said point being South 89 deg. 08' 30" West 445.37 feet from the Northeast corner of Section 15; thence North 19 deg. 00' West 53.2 feet; thence North 71 deg. 00' East 53.2 feet; thence South 19 deg. 00' East 90.0 feet; thence South 71 deg. 00' West 53.2 feet; thence North 19 deg. 00' West 36.8 feet to the point of beginning. The property herein described containing 0.11 of an acre, fronting on the North side of Church Street prolonged Easterly and bounded on the West by the Sierra Pacific Power Co., formerly the Truckee River Power Company and bounded on the North and West by the Truckee-Tahoe Lumber Co.

GIVEN under my hand and the seal of the Superior Court of the State of California, in and for the County of Nevada, this 13 day of October, 1951.

Tarzan

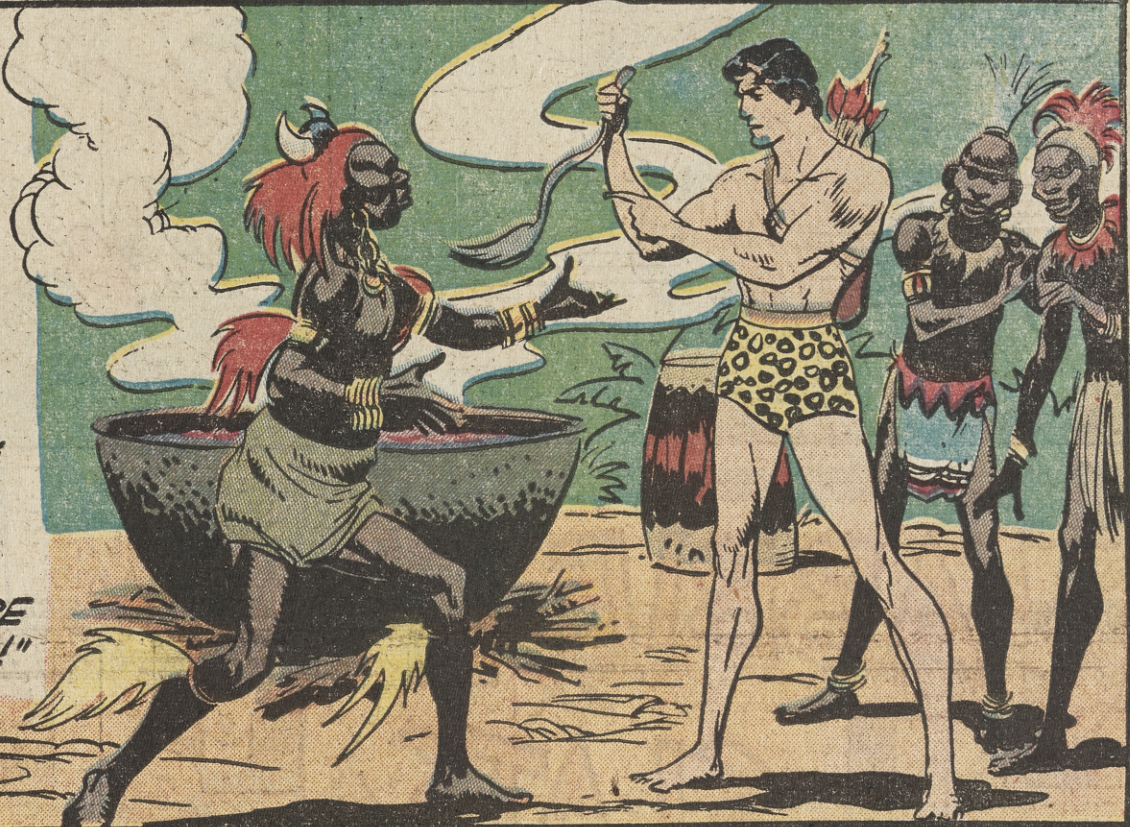

by EDGAR RICE BURROUGHS

HIS MEMORY LOST, TARZAN ACCEPTED MATO'S WORD THAT HE WAS THE NATIVE'S BUSH SPIRIT -- AND ACCEPTED THE RESPONSIBILITY OF LEADING THE KEMBAS AGAINST THE PANTHER MEN.

THEN THE WITCH DOCTOR SWAGGERED FORWARD. "IF YOU GO TO WAR, YOU WILL BE DEFEATED. THIS WHITE MAN IS A FRAUD! MY FETISH HAS SPOKEN!"

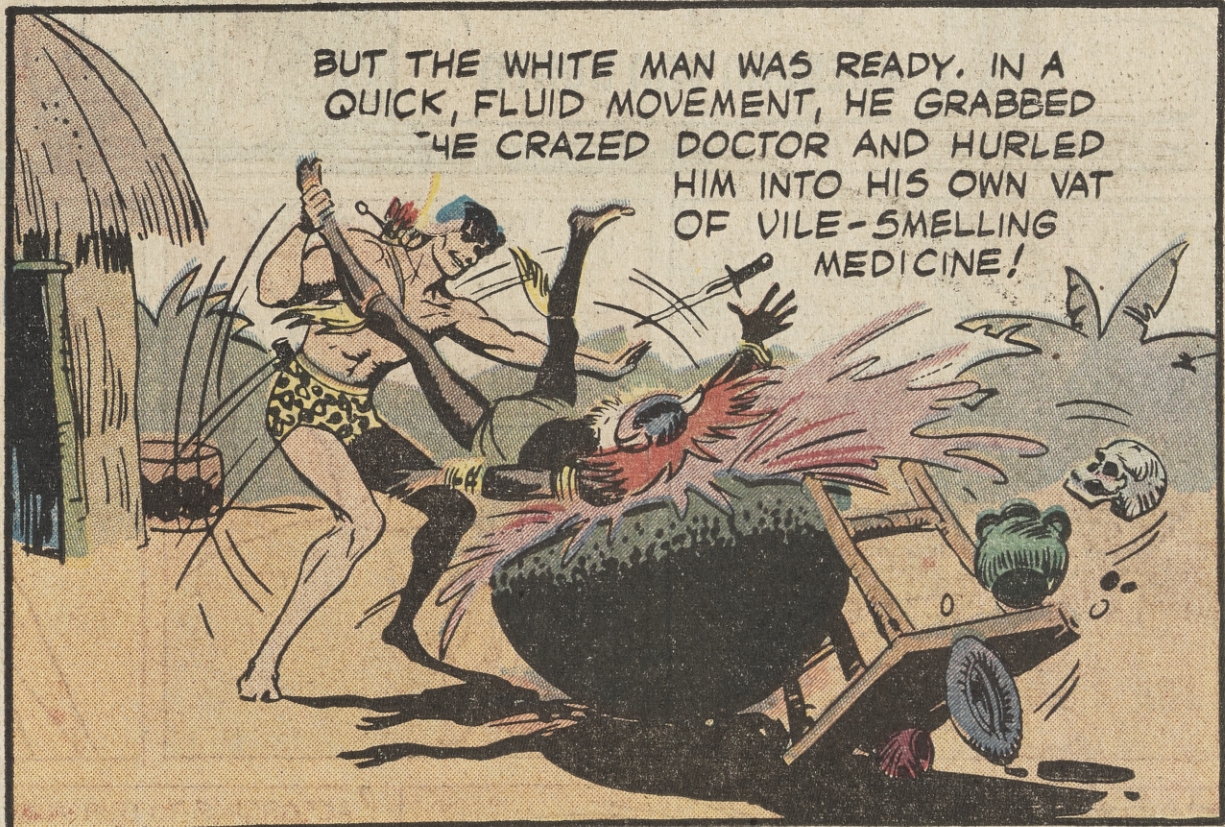

BUSH SPIRIT SNATCHED THE FETISH FROM THE MAN AND LAUGHED. "I, TOO, CAN WAVE A HYENA'S TAIL AND MAKE PREDICTIONS, BUT THEY WOULDN'T COME TRUE, NOT ANY MORE THAN SOBU'S!"

THE NATIVES WERE AGHAST. NEVER BEFORE HAD THEY HEARD THE WITCH DOCTOR FLOUTED AND DEFIED. THEN, SENSING THE TURN OF EVENTS, SOBU DREW AN UGLY KNIFE AND LEAPED AT BUSH SPIRIT!

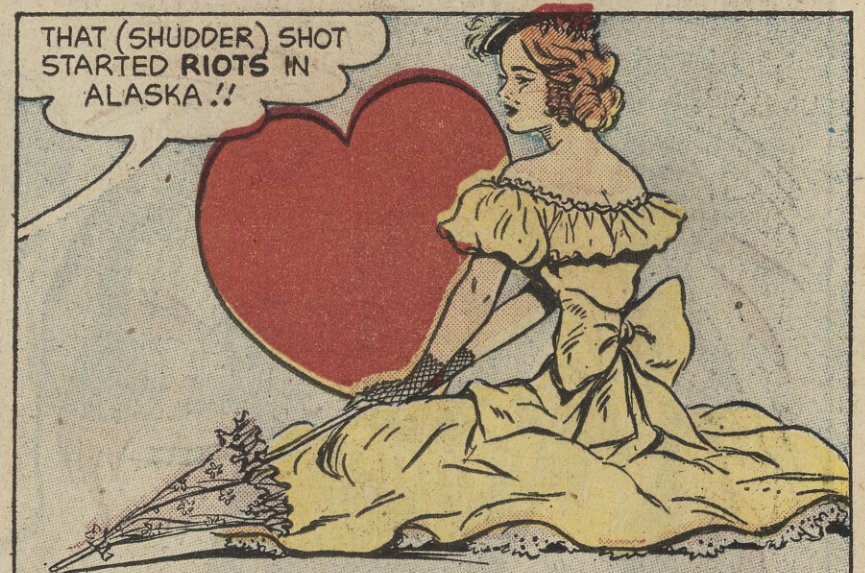

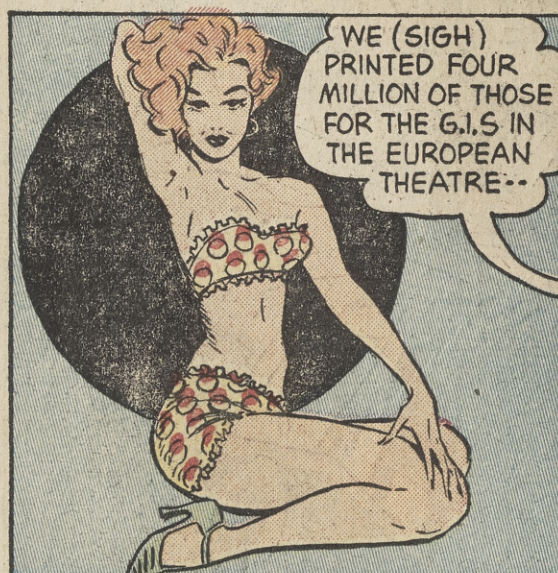

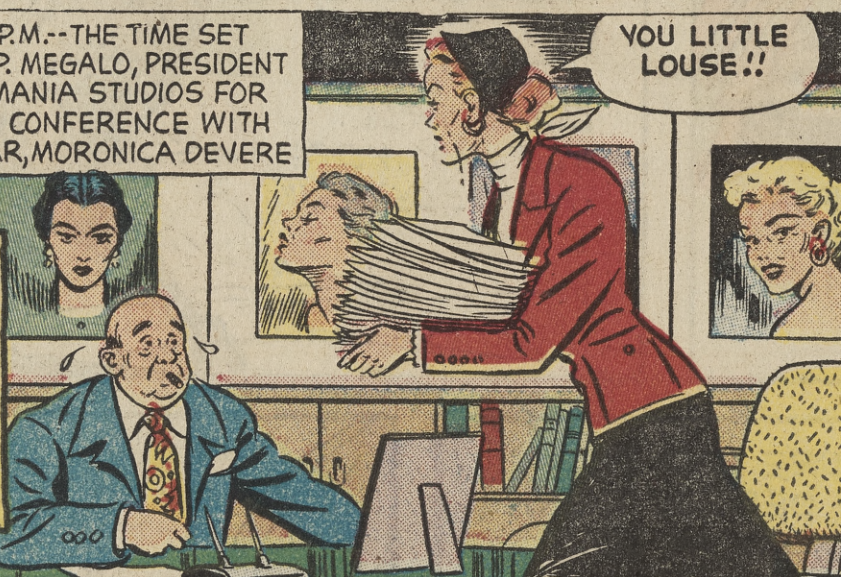

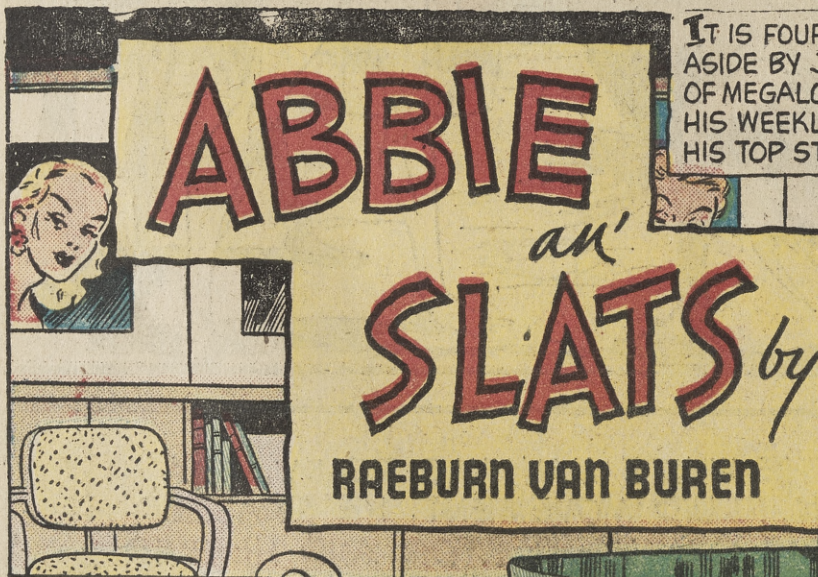

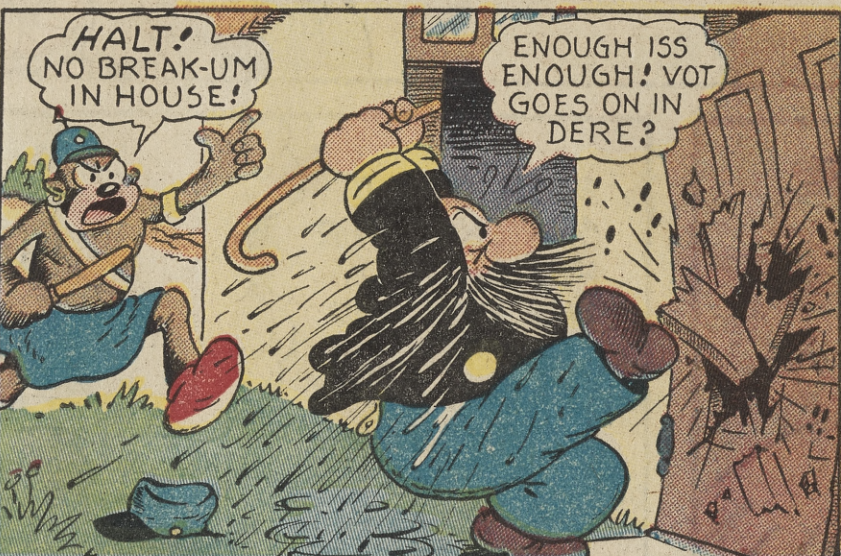

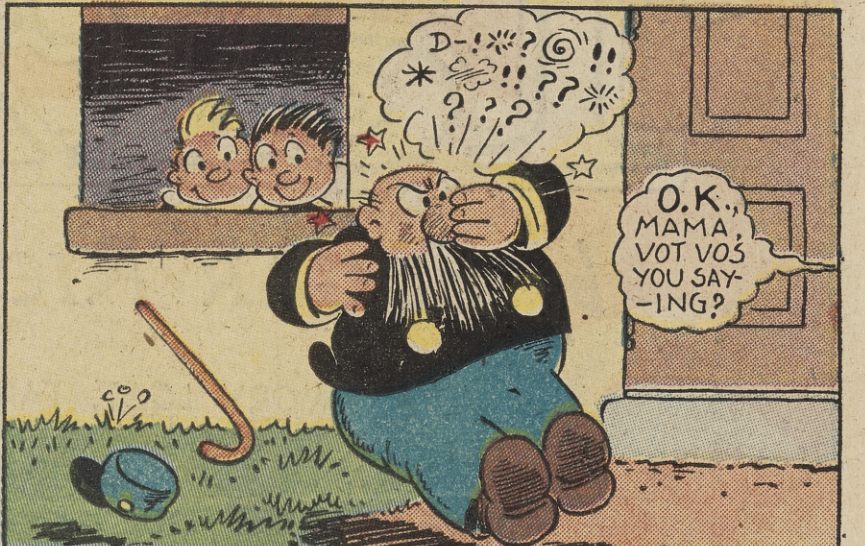

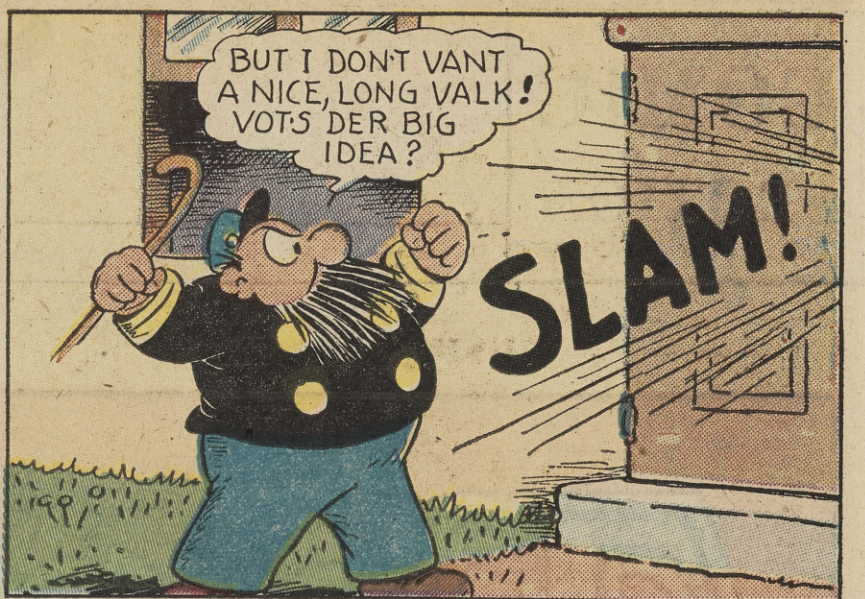

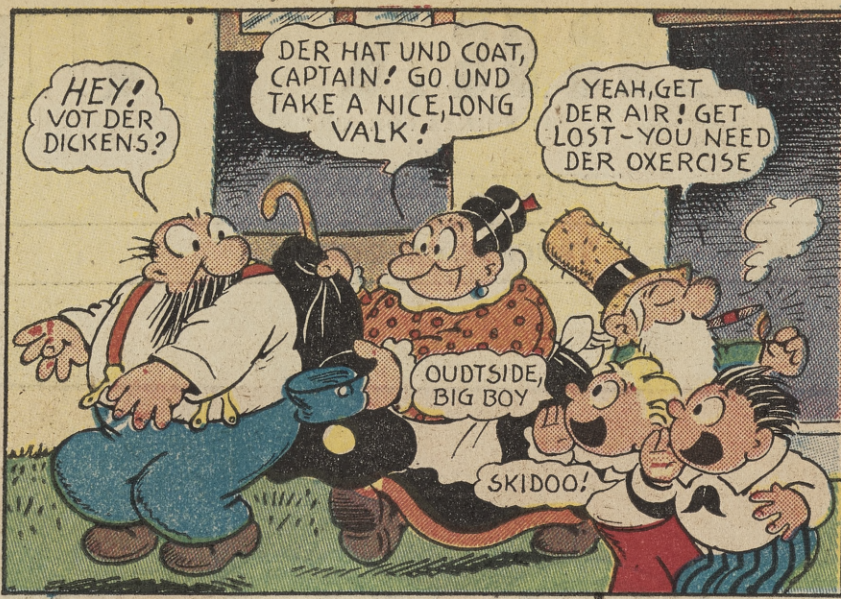

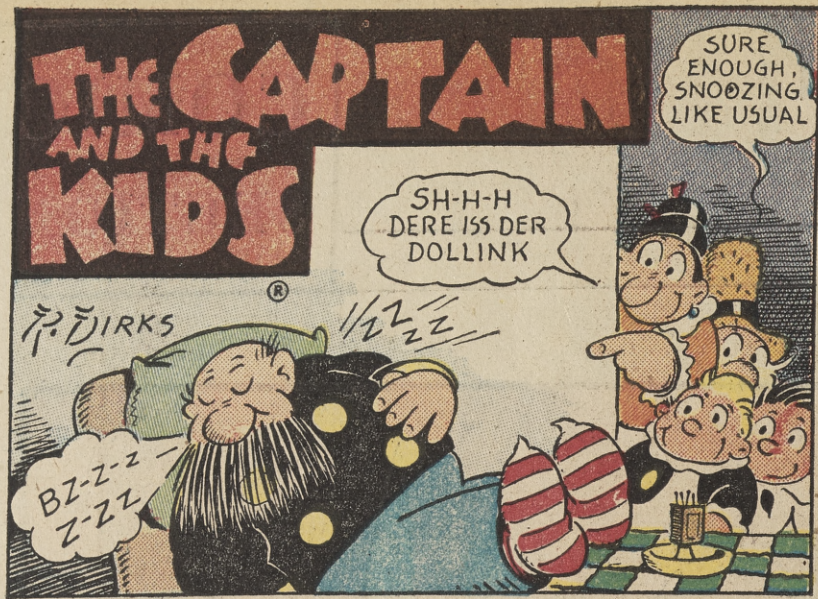

BUT THE WHITE MAN WAS READY. IN A QUICK, FLUID MOVEMENT, HE GRABBED THE CRAZED DOCTOR AND HURLED HIM INTO HIS OWN VAT OF VILE-SMELLING MEDICINE!

SOBU EMERGED SPUTTERING, COUGHING, A FROTH OF MADNESS ON HIS BARED LIPS. "I WILL MAKE POWERFUL MAGIC!" HE SQUEALED. "WHEN THE MOON RISES -- YOU DIE!"

Nancy

By ERNIE BUSHMILLER

THOSE KIDS HAVE WALKED PAST HERE **THREE** TIMES

HERE THEY COME AGAIN

THEY'RE AWFULLY INTERESTED IN MY APPLE TREE

OH, DEAR---I'LL BE GONE ALL AFTERNOON

HOW CAN I GUARD MY APPLES WHILE I'M OUT

LATER

NOW I'LL SNEAK OUT THE BACK WAY

LET'S TRY AGAIN--- MAYBE NANCY WENT OUT TO THE MOVIES

SWELL-- NOW IS OUR CHANCE TO SWIPE SOME APPLES

NOPE---WE CAN'T DO IT---SHE MUST BE HIDING IN THERE TRYING TO CATCH US IN THE ACT

JOE INKS[®]

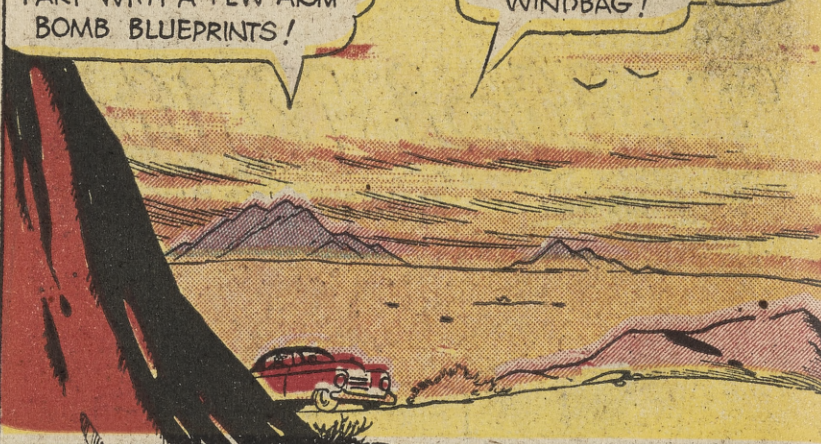

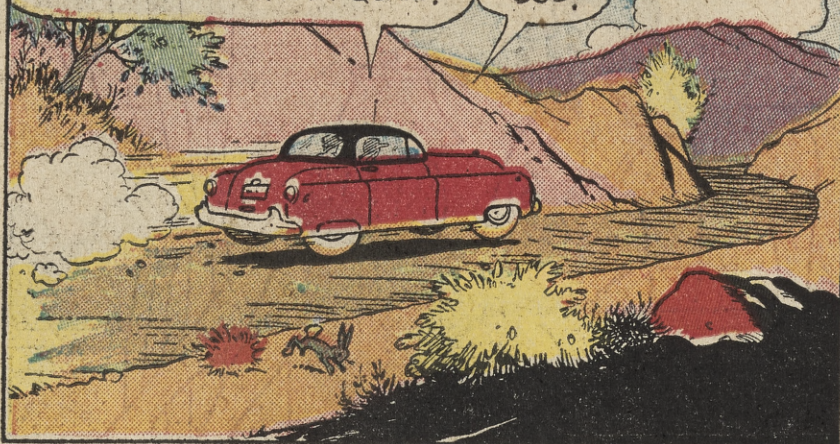

by HENRY FORMHALLS

IT SURE WAS GOOD OF BEN T' GIVE ME TH' DIRECTIONS TO THAT SPOT WHERE HE BAGGED ALL THOSE MOUNTAIN QUAIL!

I'LL BELIEVE HE GAVE US TH' RIGHT DOPE WHEN I SEE ALL THOSE QUAIL, JOE!

GETTIN' BEN T' GIVE AWAY HIS HUNTIN' SECRETS IS LIKE TRYIN' T' GET TH' GOVERNMENT T' PART WITH A FEW ATOM BOMB BLUEPRINTS!

YOUR FRIEND BEN HAS ALWAYS IMPRESSED ME AS BEING SOMETHING OF A WINDBAG!

AHA! THERE'S TH' TRAIL JUST LIKE BEN SMITH SAID! HE SAYS - "THE TRAIL IS AN EASY, GRADUAL CLIMB OF A LITTLE MORE THAN A MILE!"

I'D SAY WE'VE GONE ABOUT THREE MILES MORE THAN A MILE! AND THIS ISN'T MY IDEA OF A "GRADUAL" CLIMB!

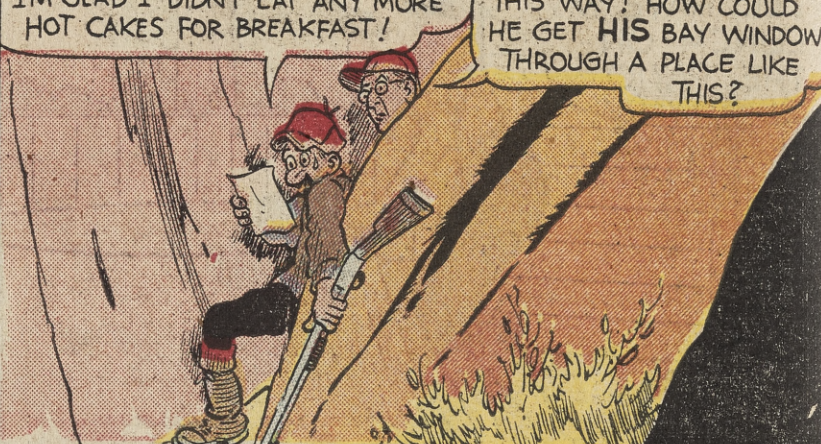

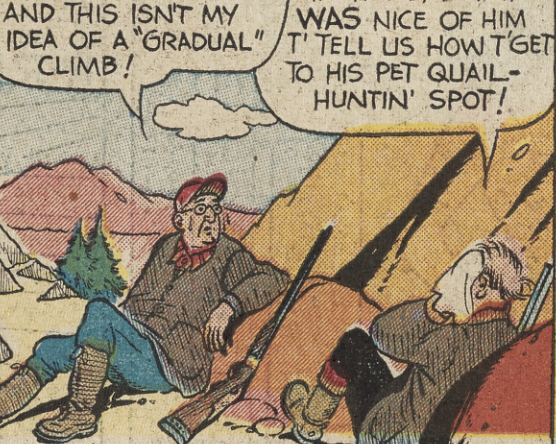

I BELIEVE HE DID SORT OF STRETCH TH' FACTS, BUT IT WAS NICE OF HIM T' TELL US HOW T' GET TO HIS PET QUAIL-HUNTIN' SPOT!

"TRAIL NARROWS A BIT IN PLACES, BUT IT IS PERFECTLY SAFE!"

I'D GO BACK IF I WASN'T AFRAID TO TURN AROUND!

"THE TRAIL IS VERY DISTINCT AND EASY TO FOLLOW"---WHEW! I'M GLAD I DIDN'T EAT ANY MORE HOT CAKES FOR BREAKFAST!

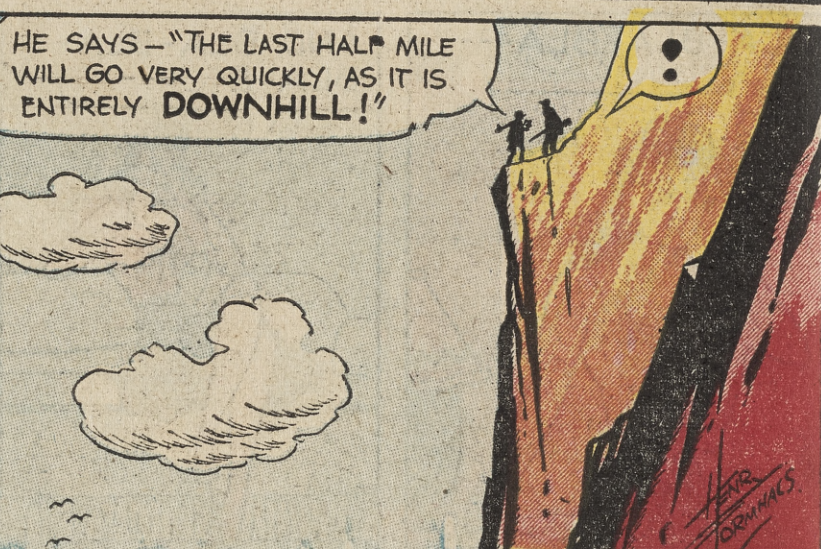

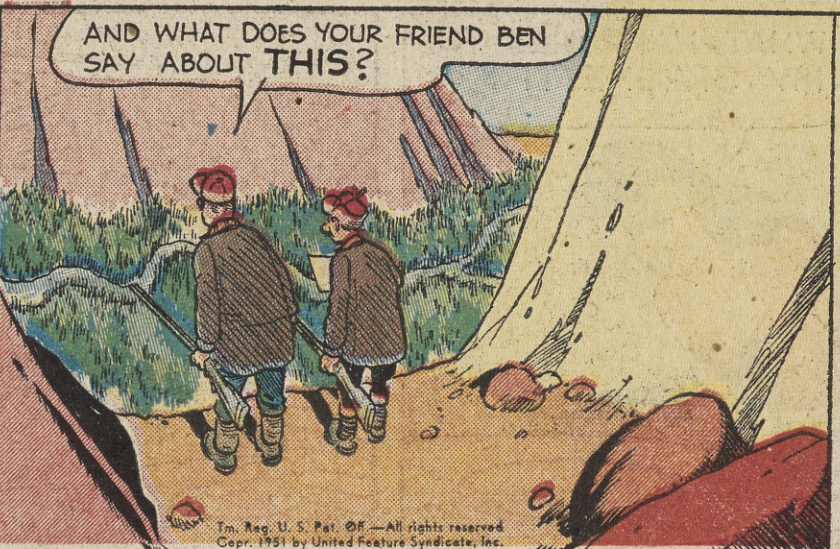

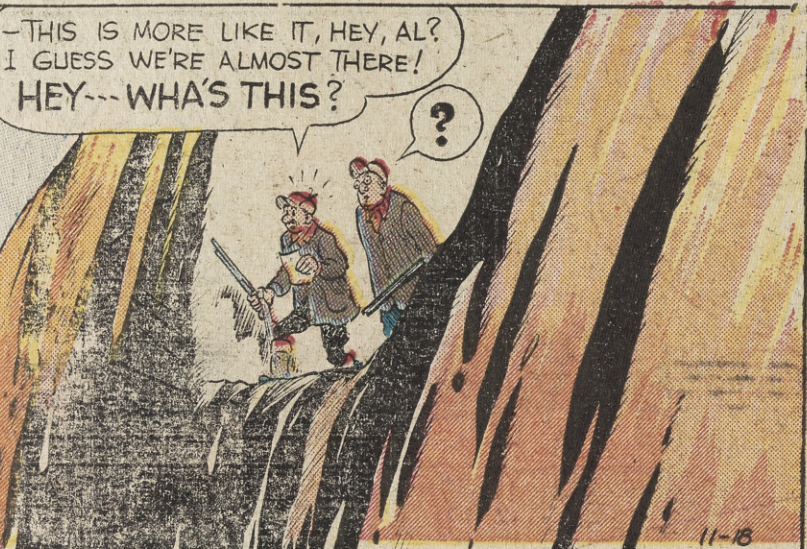

I DON'T BELIEVE YOUR PAL BEN EVER CAME THIS WAY! HOW COULD HE GET HIS BAY WINDOW THROUGH A PLACE LIKE THIS?

-THIS IS MORE LIKE IT, HEY, AL? I GUESS WE'RE ALMOST THERE! HEY--- WHA'S THIS?

AND WHAT DOES YOUR FRIEND BEN SAY ABOUT THIS?

HE SAYS - "THE LAST HALF MILE WILL GO VERY QUICKLY, AS IT IS ENTIRELY DOWNHILL!"

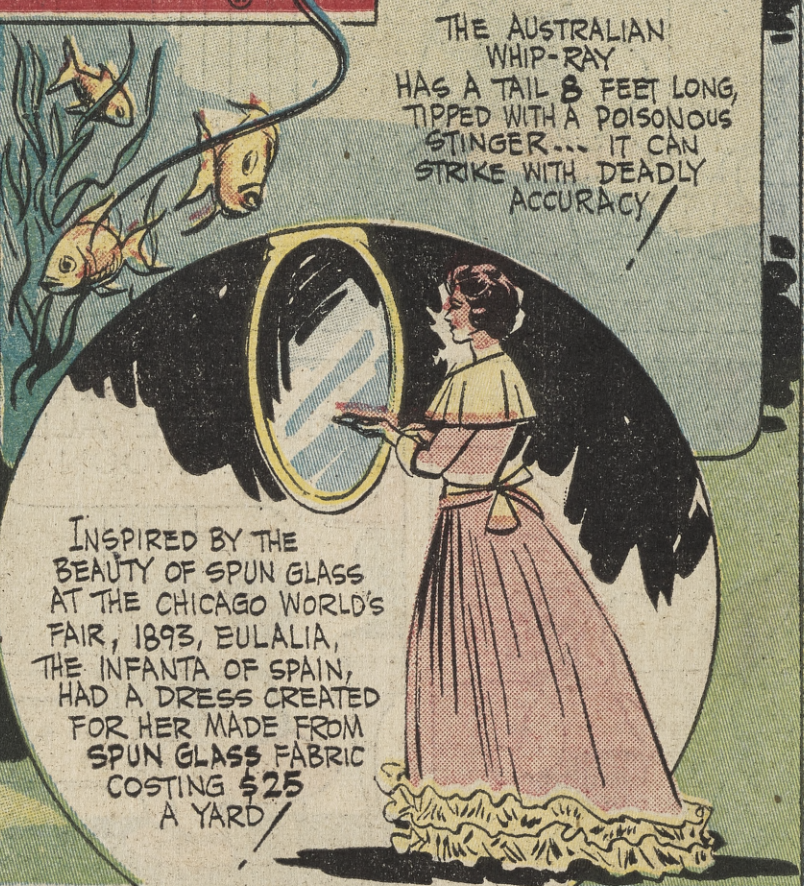

STRANGE as it seems[®]

ELSIE HIX

SAN FELIPE CHURCH-- Old Albuquerque, N. M., WAS BUILT IN 1706 WITH WALLS OF ADOBE 5 FEET THICK AND, ACCORDING TO AVAILABLE RECORDS, CONSECUTIVE SUNDAY SERVICES HAVE BEEN HELD WITHOUT MISSING A SINGLE SUNDAY!

INSPIRED BY THE BEAUTY OF SPUN GLASS AT THE CHICAGO WORLD'S FAIR, 1893, EULALIA, THE INFANTA OF SPAIN, HAD A DRESS CREATED FOR HER MADE FROM SPUN GLASS FABRIC COSTING \$25 A YARD!

THE AUSTRALIAN WHIP-RAY HAS A TAIL 8 FEET LONG, TIPPED WITH A POISONOUS STINGER... IT CAN STRIKE WITH DEADLY ACCURACY!

GEORGE A. BOGART-- Cleveland, Ohio, HAS BUILT A MECHANICAL HORSE THAT MOVES AND STEPS LIKE A REAL HORSE AND IS CAPABLE OF PULLING A 300-POUND LOAD...

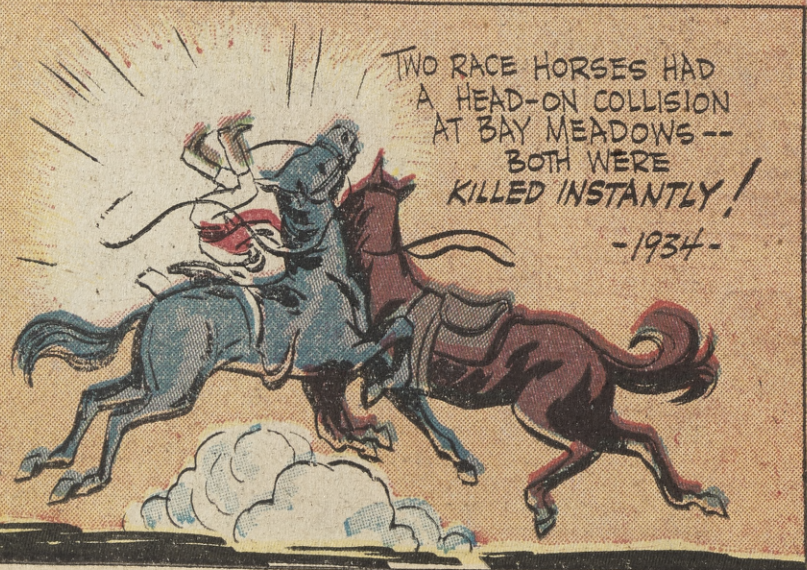

IT CAN BE TIMED FOR DIFFERENT GAITS, SUCH AS TROTTERING, PACING OR GALLOPING AND WILL TRAVEL 25-MILES PER HOUR!

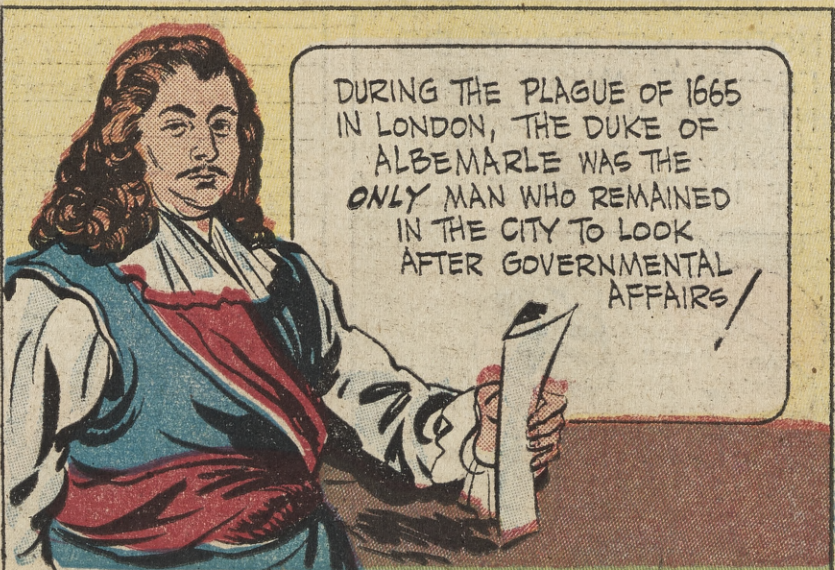

THE WATER OF NIAGARA FALLS IS WARMER AT THE BOTTOM THAN IT IS AT THE TOP!

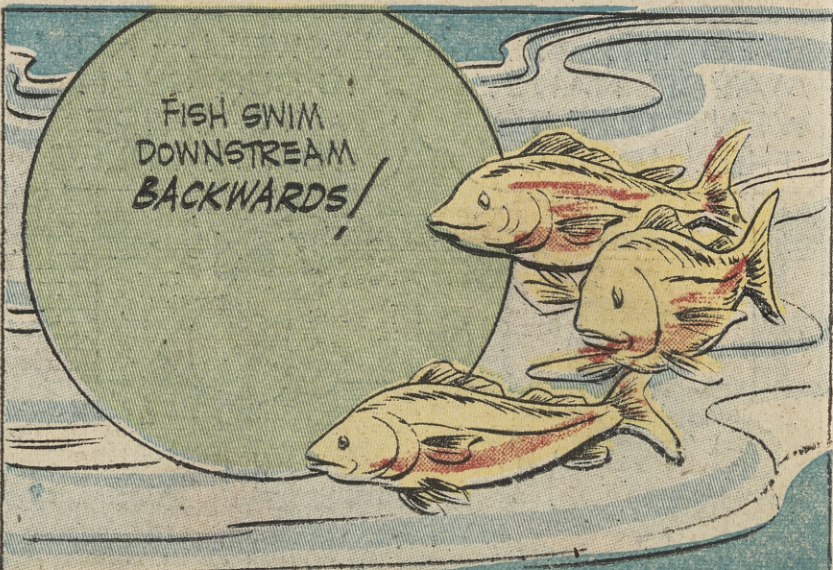

TWO RACE HORSES HAD A HEAD-ON COLLISION AT BAY MEADOWS-- BOTH WERE KILLED INSTANTLY! -1934-

DURING THE PLAGUE OF 1665 IN LONDON, THE DUKE OF ALBEMARLE WAS THE ONLY MAN WHO REMAINED IN THE CITY TO LOOK AFTER GOVERNMENTAL AFFAIRS!

FISH SWIM DOWNSTREAM BACKWARDS!
